The Class and Standing of Our Lenders

Our mortgages are sold as guaranteed investments to clients who want a good investment. They are not trying to make fees out of their money. They want simply the current rate of interest and absolute safety.

We do not pay them any commissions for taking these loans off our hands, so that when the time comes to renew the loan we do not have to pay them another commission for staying in.

In the long run, you will find it to your comfort and to your interest to have your loans placed with us.

Applications are received at any office.

EDITORIAL

Unwise to Rush War Memorial

Before Civic Virtue has had time to get comfortably settled, or Nathan Hale to get once more accustomed to the surroundings on the Broadway side of City Hall Park, along comes another project to stir up the feelings of Father Knickerbocker's public. Mr. Rodman Wanamaker, as Chairman of the Mayor's Committee on Permanent War Memorial, finds himself the storm-center of the latest disturbance, due to his committee's proposal that the city's World War Memorial be erected in Central Park. Not only has protest arisen against having the memorial in Central Park, but individuals of artistic temperament and organizations of artistic mold are protesting vigorously against the form of the memorial itself.

The Mayor's Committee has adopted a plan which has numerous features,—such diversified features, in fact, as to prompt the conservative *New York Times* to refer to it as "a combined Coney Island and War Memorial." This characterization seems rather far-fetched, and it is difficult, even under the stress of a summer sun, to share the *Times'* fear that no Coney Island features will be lacking, not even "the peanuts and hot dogs," if the Wanamaker plan is carried through.

In all fairness, however, the proposal of the Mayor's Committee is entitled to the fullest consideration, and that is what it is getting from the New York Chapter of the American Society of Landscape Architects, the American Historical and Scenic Preservation Society and other organizations especially qualified to pass judgment on such projects. Sentiment in these expert circles, it is evident, does not favor the Wanamaker plan. The criticism is that of specialists on the work of laymen. Presumably the specialists are right and the laymen wrong,—or, at least, that view would be the logical one under a similar set of circumstances.

Upon one point there should be no divergence of opinion, even between experts and laymen. That is upon the unwisdom of haste in such an important matter. The Mayor's Committee gives evidence of a determination to have the city's War Memorial erected "without further delay," as if something had been lost in sentiment or in practicability because New York has not provided before now some such memorial. This view ought not to prevail, however, because it would be far better to delay such an important project indefinitely rather than to erect a memorial conceived in haste. The example of the City of Paris, which will allow a decade to pass before her citizens decide upon the best type of World War Memorial to be erected in the French capital, is well worth keeping in mind here in the American metropolis.

For the Greater Welfare of All

The organization of the American Construction Council for the purpose of uniting and co-ordinating the various elements comprising the construction industry and for the reformation from within of those outstanding evils which for several years past have brought discredit to the industry

makes a strong appeal to those who have been and still are the innocent victims of these abuses.

The fundamental ideas underlying the organization of the Council is a real desire to influence a closer co-operation between all of the industry's component elements and through this co-operation to institute such changes and reforms as will return the industry to its former high position of service to the community.

As outlined, the preliminary program of the Council is a most ambitious one, capable of far-reaching effects toward curing many of the outstanding ills from which the industry is now suffering. In the minds of its sponsors there are tremendous possibilities for permanent good in which the public will materially share. The organization has not only the encouragement but the support of the Federal authorities, yet it will be entirely independent of bureaucratic supervision. The prime stipulation of those responsible for this organization is that its efforts must always be toward the public welfare and that it shall be dedicated to the service of the public and the elimination of the waste and those other evils which so long have reacted against progress and prosperity.

These honest efforts, designed to cure or at least to alleviate the most serious of the economic evils which the construction industry inherited as part of its legacy from the World War, and the well-considered plans for the restoration of public confidence in an industry where distrust admittedly prevails, are deserving of the sympathetic consideration of everyone interested in construction, even in the remotest degree.

The need for such an organization stands unquestioned. Its purposes are sound and its program as tentatively outlined is constructive and promising. Men have been selected as leaders who occupy places of national prominence and their wide knowledge of conditions and requirements assure the Council's guidance along the right channels of thought and activity.

But with its organization completed and its program for its first year's work planned, this council cannot be even a partial success unless it can obtain the hearty and active co-operation of all those who will be benefited by the results. In this the entire industry must forget its petty grievances and submerge all selfish motives for the greater welfare of all. With the establishment of such a basis of operation the co-ordination of the construction industry is not only possible but partly accomplished.

New York's Danger in Railroad Strike

Mayor Hylan has sent a letter to President Harding, urging the Nation's Chief Executive to save New York from going hungry if the threatened railroad strike materializes today. In his letter the Mayor gives the President a lot of interesting data about the eating requirements of the metropolis, and Mr. Harding, it is plain to be seen, will be a very busy man if it falls to his lot to meet Mayor Hylan's demands. New York, the Mayor notes, concerns itself each

day with the food needs of seven million residents and transients.

Here are some of the items the President is asked by Mr. Hylan to keep in mind: New York requires 3,000,000 quarts of milk a day; the city has at no time more than four days' supply of fresh dressed beef; 200 carloads of live poultry represents one week's consumption here, while Father Knickerbocker does not have at any time more than four or five days' supply of Western dressed killed poultry; the egg supply in storage, including that in New Jersey, is about 1,550,000 cases, while the present supply of canned fruits and vegetables is the smallest in years because of 1921 crop conditions. As to potatoes and fresh fruits and the general run of vegetables, the Mayor is apprehensive that these supplies also will run short quickly if the railroad men tie up the main transportation lines by a strike.

"The condition that would result in New York City from

such a rail tie-up," the Mayor wrote to the President, "would be similar to that prevailing in a beleaguered or besieged city in war time," to which logical declaration the Mayor added: "Such a state of affairs should be guarded against by every reasonably available means."

Mayor Hylan's impertinence in thus writing to President Harding is obvious, and it is equally obvious that instead of sending the letter to the President at all he should have addressed it to the powerful labor leaders in whose hands the various unions of railroad workers have placed authority to call a general railroad strike. If New York finds itself in the appalling situation the Mayor outlines the seven millions of people whom he wants fed will know where to place the responsibility. While it is probable the labor leaders have read in the newspapers the Mayor's letter to the President, it would have been much more to the point if it had been sent to them direct.

Contract Is Awarded for the New Court House

THE city authorities have authorized the award of a contract for the construction of the new Court House. The bids were submitted on the basis of either a granite or limestone superstructure, and it is now announced that the contract has been awarded to the George R. Fuller Co. Although the contracts have been awarded, they are not yet signed, and it is somewhat indefinite just when the work of building the new Court House will be commenced, but undoubtedly it will be in the near future.

The bid of the George A. Fuller Co. was \$4,139,000. The amount covers the entire superstructure of the building in granite, but does not include the rough plumbing work. Bids submitted for the latter will be considered soon.

Comptroller Charles L. Craig, Chairman of the Court House Committee, submitted a report stating that while the bid of the Fuller Company was somewhat higher than those of five other contractors it would be to the advantage of the city to accept

the Fuller Company's bid. He said the difference would be more than offset in the time taken for construction, the cost of separate inspection officers by the city and the responsibility of having the whole work in the hands of one general contractor.

Commissioner of Accounts David Hirshfield pointed out that while the figure of the successful bidder was approximately \$203,000 higher than the lowest combination bid, the city would gain more than that in time and the expense which would be devolve in case the offers of the combination bidders were accepted.

Both the Controller and Commissioner Hirshfield favored a granite building and in this they were supported by Guy Lowell, the architect, who designed the structure.

Mr. Lowell told the board that the site of the new court house was to be the centre of a great civic area, and that the two buildings in close proximity, the Hall of Records and the Municipal Building, were constructed of granite.

Auction Sale of Lots of Forest Hills West Next Saturday

AN attractive section of Long Island will be thrown open to investors next Saturday, July 8, when Joseph P. Day will sell 1,500 lots in Forest Hills West. This property consists of a large tract of farm land in Queens and will be sold on terms to suit those of moderate means.

The announcement made by Borough President Connolly that if plans for the development of Queens Boulevard are carried out that thoroughfare will be the finest avenue in the world has already had an effect in booming the lots and plots on that boulevard. A large number of Forest Hills West parcels front on the boulevard.

Queens Boulevard to the west has already been selected by merchants and tradesmen as a proper section for the establishment of business. The widening of the boulevard to 200 feet will be sure to increase the boom.

On the other side of the Forest Hills West tract Woodhaven

avenue form another boundary near to trade already established that is bound to boom values. This avenue also is to be widened, the plans calling for 100 feet from curb to curb. For nearly three-quarters of a mile Forest Hills West property extends along Woodhaven avenue, and storekeepers near by are already planning to expand the modest beginning of their business.

The homesite areas of Forest Hills West are attractive. A number of beautifully designed streets begin and end on spacious Alderton street, after traversing the allotted space in the shape of a crescent. The design of the developers of the property has been to make it the best balanced tract of improved real estate possible within the limits of the five boroughs by having a healthy percentage of business properly and adequately mingled with a residential percentage of a substantial grade.

Will Test Labor Efficiency

TESTS of workmen under the direction of the National Committee on Labor Efficiency and Production will be made to determine their efficiency in production in various industries. The work of the committee, headed by Ethelbert Stewart, United States Commissioner of Labor Statistics, Department of Labor, is concerned with the preparing of production schedules at present. Other members of the committee consist of expert advisers who have been selected because of their knowledge of the subject. They include: George E. MacIlwain, Wellesley Hills, Mass., secretary; Charles T. Allen,

Birmingham, Ala.; Sanford E. Thompson, Boston; John F. Coleman, New Orleans; Paul H. Norcross, Atlanta, Ga.; Theodore F. Laist, Chicago.

The first industry to be taken up will be the building industry. It also has been decided to take up an investigation of the textile industry currently with the investigation in the building trades. It is also proposed to include the iron and steel industry in the next general survey to be made. The Bureau of Labor Statistics already has some information regarding the efficiency of workers in this industry.

Another Palatial Hostelry Planned for Terminal Zone

George B. Post & Sons Retained to Design Fifteen-Story Structure for United Hotels Company of America at Cost of About \$8,000,000

PRELIMINARY plans have been matured for the addition of another palatial hostelry to that handsome group which has created in the Grand Central Terminal Zone the largest and most noteworthy hotel center in the world. The plans, as outlined, call for the construction of a new fifteen-story hotel to contain 1,200 rooms and baths, which will represent an investment of approximately \$18,000,000 in building, furniture, leasehold and taxes, according to Douglas L. Elliman & Co., the brokers in this transaction.

This hotel will be owned and operated by the United Hotels Company of America, and will occupy a plot leased from the New York State Realty & Terminal Company, a holding company for the New York Central lines. The plot comprises the entire block bounded by Forty-fifth and Forty-sixth streets, Madison to Vanderbilt avenues. The leasehold is for a term of twenty-one years, with two renewals.

George B. Post & Sons, architects, have been retained to design this structure for the United Hotels Company, but as yet only the preliminary sketches have been made, and the final details are yet to be decided. These architects, in addition to having planned several of the most important hotels in New York city, were the architects of a number of the buildings

owned and operated by this company in various parts of the United States.

The new hotel will be erected under a general contract, awarded to the Thompson-Starrett Co., builders of some of the best known hotels in the Terminal Zone. The construction alone will cost about \$8,000,000, exclusive of land rentals.

The United Hotels Company of America operates a chain of eighteen hotels throughout the United States and Canada, as follows: The Bancroft, Worcester, Mass; Ten Eyck, Albany; Onondaga, Syracuse; Royal Connaught, Hamilton, Canada; King Edward Hotel, Toronto, Canada; the Clifton, Niagara Falls, Canada; the Lawrence, Erie, Pa.; the Penn-Harris, Harrisburg, Pa.; the Robert Treat, Newark, N. J.; the Tutwiler, Birmingham, Ala.; the Portage, Akron, Ohio; the Seneca, Rochester; Hotel Rochester, Rochester; the Durant, Flint, Mich.; the Stacy-Trent, Trenton, N. J.; Prince Edward Hotel, Windsor, Canada; the Mount Royal, Montreal, Canada, and the Alexander Hamilton, Paterson, N. J.

Among the officers are Frank A. Hedley, president; F. W. Rockwell, vice-president; Horace S. Wiggins, vice-president, and J. Leslie Kincaid, Adjutant General of the State of New York, vice-president.

New Greenwich Village Apartment to Be Finished October 1

CONSTRUCTION work is advancing rapidly on a six-story elevator apartment in the Greenwich Village section, which is planned for completion in time for the coming autumn renting season. The building is located at 71 to 77 West Twelfth street, between Sixth and Seventh avenues and is owned by a corporation which is directed by the Banner-Mitler Co., 507 Fifth avenue.

This apartment, which was designed by Robert T. Lyons, Inc., 342 Madison avenue, will cost more than \$400,000, including the value of the land. The construction is being financed through a first mortgage serial bond issue of \$290,000, recently underwritten by S. W. Straus & Co., investment bankers. It is estimated that the annual earnings will be \$38,850.

Plans for this operation show provision for the accommodation of forty-seven families in housekeeping units containing two, three and four rooms, with baths. The structure will be semi-fireproof and will contain all modern conveniences. The building occupies a plot with a frontage of 87 feet in the north side of West Twelfth street and is 103 feet in depth. The facade of the apartment has been designed in a dignified style, without excess ornamentation and will be constructed of light colored face brick, with trimmings of Indiana limestone and terra cotta.

No general contract was awarded for the construction of this apartment. The owners have had a wide experience in building operations, and they are doing part of the work by day's labor and sub-letting the remainder as the job progresses. The structural steel is being furnished and erected by the Levering & Garrigues Co.; the electric elevators installed by the A. B. See Electric Elevator Company; the tile and interior marble contract has been let to the D. H. McLaury Tile Co., and the interior trim is being fabricated by the Harriman Industrial Corporation.

Another interesting building project in the Village district is the operation converting three old-fashioned dwellings at the northwest corner of Fifth avenue and Washington square into modern apartments. The present three-story and attic buildings will have their high stoops and the beautiful Georgian porticos removed. The brownstone front of one of the buildings will be replaced with a new front of white marble and red brick to correspond with the facades of the adjoining buildings. The basement and first floors of the three buildings will be raised and when reconstructed the structures will be

four feet higher than at present, thus making a modern five-story multi-family building. One of the old porticos will be used for a new entrance on the sidewalk level at the center of the Washington square front, and a new cornice of Georgian design will be carried around all three fronts. The plans for this extensive alteration were prepared by Maynicke & Franke, architects for the Rhinelander Real Estate Company, owners of the property.

Mayor's Committee Proposes War Memorial in Central Park

Rodman Wanamaker, Chairman, Outlines Plan for Arch, Lagoon, Swimming and Wading Pools, and Bath Houses on Site of Old Reservoir

HAVING considered, for more than a year, many plans submitted to it, the Mayor's Committee on Permanent War Memorial, of which Rodman Wanamaker is chairman, has proposed to the Board of Estimate the reclamation of 34 acres in Central Park now occupied by the lower reservoir as the site for a memorial arch, a swimming pool, wading pool, playground and running track, and a lagoon. In transmitting the plan to the Board of Estimate, Grover A. Whalen, Commissioner of Plant and Structures, declares an appropriation of \$600,000 is necessary to carry out the project. He states that the committee now has on hand \$200,000 in subscriptions, which must be used for a memorial arch, the total cost of which is estimated at \$500,000. The city is asked to provide \$300,000 to complete the amount necessary for the arch and \$300,000 for the restoration of the reservoir site. Bath houses will cost additional amounts.

Rodman Wanamaker, in outlining the plan recommended, recites the formation of the committee by appointment of the Mayor on November 13, 1918, to make the proper and necessary arrangements for the erection of an arch of freedom in a suitable location in this city in memory of those brave men who gave their lives in defense of the American flag.

"An Art and Executive Committee was at once selected," says Mr. Wanamaker, "with Mr. Paul W. Bartlett as chairman. This committee, because of the imminence of the homecoming of our troops, recommended to the Mayor, on Nov. 26, 1918, the immediate erection of a temporary arch at Twenty-fourth street and Fifth avenue. With his Honor the Mayor's approval and the hearty co-operation of the city, a temporary arch was erected in time to welcome the returning soldiers not only of New York City but of the nation during the spring, summer and autumn of 1919."

In recounting the activities of the committee in the early stages, Mr. Wanamaker says:

After a number of meetings the Art and Executive Committee on Nov. 1, 1919, authorized a public hearing on the form the memorial should take, which was held in City Hall on Nov. 17, 1919, according to societies, individuals and the public generally the opportunity to offer suggestions with respect to the character of the memorial. Following this public hearing the Art and Executive Committee on Dec. 5, 1919, invited the public, art and patriotic societies "to submit suggestions or plans in open competition of ideas for a permanent war memorial," and selected a jury of artists consisting of James Russell Pope, August Vincent Tack, Jules Guerin, Mrs. Harry Payne Whitney, Andrew O'Conner, Benjamin Wister Morris, James Earle Fraser, Henry Bacon, Professor Frank Jewett Mather, Jr., Edward Robinson, Lawrence Grant White and Alexander Stewart Walker.

In response to this announced open competition of ideas, sixty-seven suggestions were received and exhibited to the public in City Hall from Feb. 16 to 26, 1920.

The jury of artists, organizing with Mr. Robinson as Chairman, viewed the suggestions for the memorial, held a number of executive sessions, and then reported on April 15, 1920, that no proposal in all its details as submitted, is sufficiently meritorious for the jury of artists to recommend its adoption to the general committee, but that, considered broadly, the competition in ideas has suggested the following types of memorials as meritorious and worthy of consideration by the Mayor's Committee: A memorial arch; a cenotaph in charge of architect, and including sculpture and mural painting—a sort of temple to sacrifice and victory employing the three arts in the work of commemoration; a statue or sculptural group.

At the time of their submission these suggestions were considered by the members of the General Committee and no action was taken thereon.

Mr. Wanamaker then, on Jan. 1, 1922, tendered his resignation and that of the Committee on Permanent War Memorial to the Mayor. Since then the Mayor has requested Mr. Wanamaker to assume the chairmanship of a committee which has for its purpose not only the erection of a permanent war memorial, but also to plan and prepare a suitable celebration on the occasion of the twenty-fifth birthday of the Greater City of New York.

This new committee which the Mayor brought into being this year, says Mr. Wanamaker in his letter, has considered at great length the work of the former committee. It has reviewed the public discussions which took place in the Council room of the City Hall on the subject as

to what type the permanent war memorial should be. It has sought an expression of opinion of men of letters and of the ordinary citizen. After very serious and deliberate consideration of the entire question, the Mayor's committee is of the opinion that there could not be erected in this city more in keeping with the great deeds that were performed by the men who made the great sacrifice than an Arch of Freedom.

Having determined upon the type of war memorial, the committee addressed itself to the subject of the selection of a site. After combing the city for a suitable location for the Memorial Arch the Mayor's committee came to the conclusion that there was no site more appropriate for the erection of a memorial arch than that of the lower reservoir in Central Park, which is a feature of the old Croton water supply and no longer of practical service to the city. Here are thirty-seven acres of land in the very heart of the city unused and practically unseen in its present form.

It is proposed that there shall be at the extreme southern end of the reservoir area an approach from east to west forming the much talked about connecting avenue between the Metropolitan Museum and the Museum of Natural History. This reservoir area is approximately 800 feet wide, east and west, and 2,000 feet long, north and south.

It is further proposed as one of the features of the permanent memorial an Arch of Freedom, for which already a large amount of money has been collected—this arch to be at the north end of the reservoir site and the central feature of the composition.

In this position between the intermuseum avenue and the arch would be an approach or vista 2,000 feet long. In the centre of this approach might be built a narrow lagoon similar to the one in front of the Lincoln Memorial recently dedicated in Washington. It is further suggested that this lagoon shall be built as the second feature of permanency toward the completed memorial. The general plan is submitted herewith, subject, of course, to correction and the approval of your honorable body.

It is further suggested that the part which remains of the reservoir might be treated so that a swimming pool of very large proportions could be established, with bathing pavilions under the terraces on either side of the pool. The plan further provides for playgrounds on either side of the reservoir for children. There is also included in the plan a wading pool for children.

At the extreme southern end of the reservoir area a large amphitheatre has been planned for pageants and exhibitions. On either side of the arch it is proposed to erect pylons, each one to be dedicated to a New York regiment that participated in the great war. On these pylons will be inscribed the names of those members of the regiment who made the supreme sacrifice.

Mr. Wanamaker, on behalf of the committee, urges the necessity of immediately securing an appropriation sufficient to award a contract for the erection of the Arch of Freedom, and also to prepare the site for the great composition which is to form a part of the great war memorial.

It is proposed by the Mayor's committee on the twenty-fifth anniversary of the establishment of the greater City of New York, declares Mr. Wanamaker, to have the dedication of the Arch of Freedom as a central motive of the celebration. It is planned that this celebration shall take place during May, 1923.

It is respectfully requested that an appropriation be made to prepare this unused area of ground for the purpose outlined above—that is to say, the site for this memorial will be prepared to receive the temporary construction necessary for such work, and the money so expended will go toward the building of the final memorial. With this in view, it has been approximately calculated that to build the arch there will be needed an appropriation of \$300,000 to be added to the money already in hand (\$200,000), making an approximate cost of \$500,000 for the arch. It is respectfully suggested that, in addition to the \$300,000 for the arch, that your honorable board appropriate \$300,000 to prepare the ground and build the lagoon for the purposes of the contemplated celebration.

The cost of the work of a temporary nature might be determined later; also the cost of the final construction and completion of the permanent memorial will be determined later. It, however, has been calculated that the entire treatment of the layout of the thirty-seven acres now occupied by the reservoir can be properly treated from a landscape point of view as a playground for children for an approximate sum of \$400,000. The final and finished design would provide a permanent and most beautiful playground as obtains in every great city of Europe and which is so greatly needed in this metropolis.

Approximate cost of arch.....	\$500,000
Amount on hand collected from public, plus interest.....	200,000
Appropriation requested for arch.....	300,000
Appropriation requested for preliminary steps to prepare ground for arch	300,000
Total appropriation requested.....	\$600,000

If the plan is adopted by the Board of Estimate it is expected that the memorial will be completed by May, 1923. Many vigorous protests against the location in the park of a memorial of the character proposed have been made by organizations interested in matters of this kind.

Review of Real Estate Market for the Current Week

Large Leases and Large Apartment House Sales Were the Outstanding Features of a Week That Displayed Summer Quietude

THE summer dullness that generally characterized the week was relieved considerably by several large leases in important centers, notably the leasing of the store building of Saks & Company, at Broadway, 33d and 34th streets, to Gimbel Brothers as an annex to their block front building adjoining; and the 63-year lease of the fee to the block bounded by Madison and Vanderbilt avenues, 45th and 46th streets, to a corporation, as the site for a 15-story hotel. Other leases of interest, although smaller, was the leasing of the old 4-story building southwest corner of Seventh avenue and 35th street, for 21 years, to an adjoining holder of property; the leasing by George Ehret of a large corner plot on Washington Heights, for improvement by the lessee; of a 5-story building at 2 East 46th street, for 21 years; of the 5-story building 53 Broadway, for a long term, and of an 8-story loft building in West 42d street. There were, too, numerous leases of medium size throughout the city.

Marking the crest of the purchasing was that of the Esplanade Hotel, at West End avenue and 74th street, while another hotel on the avenue about as large, that is in course of completion, was sold on the plans. A 12-story apartment house on the same thoroughfare was bought back by owners who disposed of it seven years ago. Other important apartment house deals were a 9-story building on East 74th street, close to Park avenue; three large houses at the northeast corner of Amsterdam avenue and 121st street; several large houses in the Chelsea district; and others of fair size in the upper reaches

of town. The Gotham National Bank bought the fee to 1819-1821 Broadway from the Amos R. Eno estate.

That tenants are still investing was evidenced in the sale of a Second and Third avenue corner each to a tenant, one being a druggist with an old stand in the premises; as well as several private dwellings to tenants. Numerous parcels in the avenues mentioned have been sold to tenants during the year, with the prospects of more passing to tenants. Most of them are merchants who have a store in the ground floor and who bought the building for the purpose of avoiding greatly increased rent and incidentally to have an investment. Purchasing seems to be a good investment from either viewpoint.

There was considerable dealing in the sale of apartments in fine new houses in Park avenue, to be owned on the one hundred per cent cooperative plan. In the Jackson Heights section of Queens borough the selling of fine cooperative apartments goes steadily on. There is some demand for cooperative apartments in the St. Marks section of Brooklyn. The selling of private dwellings were about as numerous as the sale of apartment houses throughout the city this week.

A sale that marks a real estate movement in an old part of town was that of a group of three old buildings in lower Eighth avenue, facing on Abingdon Square. They were sold by Justice Greenbaum of the Supreme Court, who had owned them for a long time. The prospects of a rapid transit route going through Eighth avenue has toned up fee values some in and adjacent to the Square.

PRIVATE REALTY SALES.

THE total number of sales reported, but not recorded in Manhattan this week, was 63, as against 57 last week and 101 a year ago.

The number of sales south of 59th st was 30, as compared with 23 last week and 41 a year ago.

The number of sales north of 59th st was 33, as compared with 34 last week and 60 a year ago.

From the Bronx 42 sales at private contract were reported, as against 35 last week and 49 a year ago.

Statistical tables, including the number of recorded instruments, will be found on page 18.

Annual Tennis Tournament

The annual tennis tournament of the Real Estate Board of New York will be held on July 12 on the courts of the West Side Tennis Club, Forest Hills, Long Island. Playing will start promptly at 10 o'clock a.m.

The events are one class in singles and one class in doubles. Entries may be for either one, or both. Two men may enter as doubles team. Others will be drawn by lot. Consolation singles and doubles to be played in the afternoon to include all losers of first matches in singles and doubles.

Entries will close on Monday, July 10. In case of rain, the tournament will be held the following day, Thursday, July 13. The co-operation of firm and individual members is earnestly solicited and it is hoped that all interested in tennis will lend their support.

Entry fee is \$2. Luncheon can be had at the club house on the grounds.

Board Approves School Sites

The Board of Estimate has approved the purchase of two Bronx properties recommended by the Board of Education for school purposes. The properties comprise the block front on the north side of 181st st, between Morris and Creston av., and the block bounded by Walton and Gerard avs, 144th and 146th sts. The latter is to be used for an addition to the Theodore Roosevelt High School.

Gotham Bank Acquires Fee

Much speculative opinion has existed as to the eventual ownership of the plot of land in Columbus Circle, owned by the heirs of the estate of Amos F. Eno, concerning which there has been a great deal of litigation in the last year or more.

The Gotham National Bank of New York took title to this property this week through its affiliated company, The Gotham National Building, Inc.

The plot in question known as lot No. 30

at 1819-21 Broadway, with a Broadway frontage of 54.17 feet, contains 2381 square feet and the purchase price is said to have been \$400,000, which sets a new mark for high value in the Columbus Circle zone.

The transaction as originally arranged called for the sale to the Gotham National Bank of New York of this property by all the heirs actual and presumptive of the Eno estate, but through the court's decision admitting the Eno will to probate, the deed was made by the executors of the estate.

This purchase is of prime importance to the bank and the Gotham National Building, Inc. as the main entrance of this large edifice is directly through the property just purchased.

An interesting fact has come to light in this regard, it having been predicted at times during the last year or two that other interests would succeed in acquiring this property. The bank officials in the meantime determining to protect themselves against all contingencies had so designed their new building as to permit of the establishment of a main entrance through the property at 1823 Broadway, which it seems could have been accomplished with comparatively small additional outlay. As it is the bank's directors and officers are especially gratified at the conclusion of matters made possible through this new purchase.

Negotiations were conducted by Wilder, Ewen & Patterson, representing the Gotham National Bank of New York and Lord, Day & Lord, representing the Eno estate.

Buy Cooperative Apartments

Douglas L. Elliman & Co. sold apartments in the new 14-sty, 100 per cent tenant-owned apartment house being erected at 485 Park av., northeast corner of 53th st, by Dwight P. Robinson & Co., to William S. P. Prentice, and his son-in-law, Reeve Schley, vice president of the Chase National Bank.

Douglas L. Elliman & Co. sold apartments in the new 14-sty 100 per cent tenant-owned apartment house being erected by the Dwight P. Robinson Co at 435 Park av. northeast corner of 68th st, to Mrs. Raymond Little and Mrs. O. F. Taussig.

Malcolm E. Smith, Inc., sold for the Joint Ownership Construction Co., Inc., Frederic Cui-ver, president, a large apartment on the 9th floor of the new 100 per cent Joint Ownership building which they are about to erect at 943 Lexington av, to Dr. George N. Miller, of 811 Madison av.

Esplanade Hotel Changes Hands

Overlooking the mansion and grounds of Charles M. Schwab, the 14-sty and basement elevator apartment hotel, on a plot 142.2x100, at the northwest corner of West End av and 74th st, and known as the Esplanade, has been

sold by J. C. and M. G. Mayer through Mark Rafalsky & Co.

The Esplanade is one of the most modern and finest multi-family structures in the city. It was completed last year by the 305 West End Avenue Corporation, Henry Mayer president, and returns an annual rental of approximately \$450,000.

The hotel contains 26 large rooms and 14 baths on a floor, so arranged that suites of various sizes can be obtained. On the main floor there is a large dining room and the lobby is finished in paneled wood, with doors and pediments of the Georgian period design.

The Mayers, who were represented by Stoddard & Mark, attorneys, bought the property in March of last year from the builders.

Buys Two Heights Corners

George C. Blackwell sold to an investing client 840 St. Nicholas av, northeast corner of 152d st, a 6-sty brick apartment house with stores, and the 2-sty brick taxpayer, 41 St. Nicholas pl, northwest corner of 152d st, for the Fair Return Holding Co., of which John P. Flannery is president. The property was held at \$110,000. The two buildings cover a plot 25x121.94x24.11, forming the north side of 152d st, between the thoroughfares mentioned.

Investor Buys Manhattan Avenue Corner

Leopold Weiss, operator, sold to Sophie L. Nagin, an investor, the three 5-sty brick apartment houses with stores at 508-512 Manhattan av, northeast corner of 121st st, on a plot 100.11x95. Spotts & Starr, Inc., were the brokers. The houses return an annual rent roll of about \$32,000 and were held at \$180,000.

Apartment House Sold on Plans

The 15-sty apartment house on a plot 60x100, in course of construction at 588 West End av, on the east side between 88th and 89th sts, has been sold by the 588 West End Avenue Corporation, H. A. Hyman president, to Vincent Flattery. Sharp & Co. were the brokers. The building contains 60 suites of from 3 to 4 rooms each. More than half of these, it is said, have been rented from plans. The property was held at \$750,000. The brokers have been appointed agents.

Judge Greenbaum Sells Parcels

James Boyd sold for Judge Samuel Greenbaum, of the Appellate Division of the Supreme Court, 8 to 12 Eighth av, formerly known as 15 to 19 and forming the east side of Abingdon Square, three 4-sty and basement brick dwellings remodeled into stores, offices and apartments, on a plot 67x104.8x irregular.

Leonard Weill, operator, is the buyer. This is another case where old holdings are being disposed of because of the good prices obtained by owners of property along the line of the proposed Eighth av subway.

Operator Turns Hotel Schuyler

The Hotel Schuyler, a 9-sty building at 59 West 45th st, opposite the Harvard Club and in the block between Fifth and Sixth avs, in which are the Seymour and the Webster hotels, has been sold to Julius Tishman & Sons by the Herman Wronkow estate. The hotel occupies a plot 75x100, and is being operated under a long lease by George T. Stockham, formerly of the Holland House. The property is valued at \$500,000. William G. Bloodgood & Co. and Andrew F. Gilsey were the brokers.

The Hotel Schuyler is to be added to a chain of hotels owned by the Hotel Gramatan, Inc., owner of the well known hotel by that name in Bronxville. The same interests have also acquired title to the Hotel Leonori, at Madison av and 63d st, and the new Osceola

Garden Inn, at Daytona, Fla. All these hotels were built or previously owned by William V. Lawrence, developer of Lawrence Park, Bronxville.

The new owners will remodel and refurbish their various hotel properties, and as present leases expire they will take over and operate the hotels under one general management, constituting a chain bearing the name of Gramatan in one form or another.

Contracts have been drawn for an exchange of the Lawrence residence, at the southeast corner of Fifth av and 78th st, and the Hotel Schuyler, at 59 West 45th st, which was recently purchased by Julius Tishman & Sons. William V. Lawrence is the owner of the Fifth av property and the Jattison Construction Co. represents Julius Tishman & Sons in the impending deal.

The Fifth av property is a 5-sty dwelling, on a lot 25.8x100, opposite the home of James B. Duke. The Hotel Schuyler is a 10-sty building on a plot 75x100, and is being operated on a long term lease by George T. Stockham. It is assessed at \$400,000. The Fifth av corner was acquired by Mr. Lawrence at foreclosure last April for \$200,000. The house was for many years the home of the Lawrence family and was given by them in August, 1920, for the Leonori Hotel, at Madison av and 63d st, and was subsequently sold to J. Marcodante, who later conveyed it to James C. Bruse.

Natanson Busy Reselling

Max N. Natanson resold two more of the 20 houses on the east and west sides of Tenth av, between 46th and 49th sts, recently purchased by him from the William Waldorf Astor Estate. The houses in question are 668, southeast corner of 47th st, and 707, immediately adjoining the northwest corner of 48th st. Each house is a cold water tenement, on plot 25.14x100, with stores on the ground floor and two 4-room apartments on each of the upper floors.

No. 668 was held at \$50,000, and No. 707 at \$35,000, and both houses were sold to investors for cash. Maurice I. Strunsky was the broker in the sale of 668, while Ashforth & Co. consummated the sale of 707. Mr. Natanson has now resold nine of the houses.

More Resales By Natanson

Max N. Natanson resold two more of the eight 5-sty tenement houses with stores, on the east side of Tenth av, between 47th and 48th sts, purchased by him recently from the William Waldorf Astor estate. The houses are 670, northeast corner of 47th st, and 684, southeast corner of 48th st. The broker was Ashforth & Co.

Good Sale Near Park Ave.

Permanent investment has been made by a client of Lillian G. Johnson, broker, through the purchase from Bernard Mayer, of the 9-sty and basement apartment house 101, 103 and 105 East 74th st, adjoining the northeast corner of Park av, on a plot 75x102.2. The property was held at \$600,000 and was sold for close to that figure in an all cash transaction. The structure is laid out with one suite of 11 rooms and one of 6 rooms on a floor, and returns an annual rental of approximately \$90,000. The house occupies a site 75x102.2, and was

erected by Mr. Mayer 5 years ago and since held by him. On the roof there are 13 pent rooms and superintendent's quarters. The Cruikshank Co. will act as agent for the new owner.

Choice Park Ave. Corner Sold

The Mandel-Ehrich Corporation purchased through Albert B. Ashforth, Inc., from George C. Boldt, Jr., the northeast corner of Park av and 39th st, a 4-sty and basement stone dwelling, on a lot 19.9x80.

Since the construction of the viaduct from 40th st north, on Park av, the vehicular traffic has increased so much that it has become necessary to widen the avenue, between 39th and 40th sts. This work is now in progress and is scheduled for completion the early part of August of this year. The widening of it between 39th and 40th sts will materially increase the values of properties.

Old West Side Apartments Sold

Estate of Montgomery Maze sold through Sharp & Co. to McMorrow Bros., 335-339 West 14th st, two 7-sty and basement elevator apartment houses, known as the Homestead and the Havemeyer, on a plot 75x125, between Eighth and Ninth avs. They were held at \$300,000.

The buyers gave in part payment plot 250x100 on the south side of 139th st, between Cypress and Robbins avs, Bronx, held at \$60,000. The Chelsea houses are 114 feet deep and contain suites of 4 to 6 rooms each. Their annual rental is about \$50,000.

Company Buys Traders' Exchange

Clients of Jonas & Neuburger, attorneys, have formed the 80 Pine Street Corporation and are buying the 7-sty Traders Exchange building at that address, extending through to 136 Water st. The property forms an "L" around the northwest corner of those thoroughfares and fronts 39.10 feet on Pine st and 24.10 feet on Water st. The northerly line measures 81.4 feet. It is owned by the Stonemor Realty Co. (Morros Weinstein) and is assessed at \$110,000.

Tenant Buys Ave. B Corner

Spotts & Starr, Inc., sold for Clare M. W. Edna F. and Harold P. Newton of Greenwich, Conn., the 6-sty and 3-sty loft buildings on the northwest corner of Av B and 17th st, 120x92. The property, which is assessed by the city for taxation purposes at \$105,000, has been in the family for more than 30 years. The purchaser, Edward H. Rogers, manufacturer of boxes, occupies a large portion of the premises.

Bank Tenant Buys Building

The Mechanics and Metals National Bank bought for \$90,000 the site of the home for its Stuyvesant branch at the northeast corner of Second av and 14th st. The purchase, which was made from Edward A. Acker and others, as executors, involves the 5 and 4-sty buildings at 230-234 Second av, occupying a plot 53.3x75. The sale was recorded this week.

Catholic Charities Assemble Plot

The Catholic Charities of the Arch-diocese of New York, now at 480 Lexington av, has purchased the 5-sty stone building with stores at 560 Lexington av, on lot 24x60. The parcel adjoins the northwest corner of 50th st, known as 55th Lexington avenue, at the rear of which is St. Patrick's Roman Catholic School. The immediate corner parcel, 25x60, has also been sold by Laura S. Hellner, title being taken in the name of Irene B. Cox, who recently acquired the two properties at 562 and 564 Lexington av, adjoining the Catholic Charities purchase. The combined properties make a corner site 81x60x irregular. The sales are recorded.

Montefiore Home Buys Plot

The Montefiore Home and Hospital has added to its holdings in the vicinity of its home at Gun Hill rd and Bainbridge av. The purchase involves a site, 125x100, on the west side of Steuben av, 260 feet south of Gun Hill rd. The property was acquired from Rosetta M. Jane and Anna McLaughlin and Anna C. and Thomas J. O'Connor. Title was taken in the name of the Montefiore Hospital for Chronic Diseases. Since the erection of the hospital a few years ago the trustees of the institution have made several purchases adjacent to the hospital.

Bronx Hospital Buys Again

Further purchases have been made by the Montefiore Hospital for Chronic Diseases adjacent to its home at Gun Hill rd and Bainbridge av. From Elizabeth H. Knoepfel the institution bought the plot, 50x100, on the east side of Kossuth pl, 300 feet north of 210th st, and from Oscar G. Cummings it acquired the plot, 125x100, on the west side of Steuben av, 385 feet south of Gun Hill rd, Bronx. The hospital recently bought 5 lots adjoining the latter purchase on the north.

Vague Titles Cleared Up

The purchase by B. B. Davis and R. H. Davis of the plot from 249-253 Hudson st and 12-16 Renwick st, was completed a few days ago. The title was taken in the name of the Hudwick Corporation. The plot, which is near the line of the new proposed bridge and has a double frontage, which makes it ideal for improvement for a warehouse or any large mercantile establishment, has an interesting history.

It consisted of five separate parcels, which were purchased separately many years ago by the late John S. Foster, president of the Bowery Bank. The plot was sold at auction more than 20 years ago by J. Stanley Foster and Caroline Savidge, executors and heirs of John S. Foster, and was purchased by the Davis interests.

An examination of the title disclosed some small interior gores which prevented the use of the parcel for the purposes contemplated. Legal proceedings were instituted whereby good title has now been made to the property as a single solid plot and the owners propose in the near future to erect a substantial building adaptable for warehouse and general mercantile purposes.

Lessee Buys Adjoining Plot

Harold Witemann and Samuel Angeloff, builders, who recently secured a 21-year leasehold of the plot at the corner of DeKalb av and Flatbush av extension from William H. English at a total rental of \$420,000, through William M. Greve of the Realty Associates, has purchased the adjoining plot of 165 feet from the R. C. Church of Our Lady of Mercy, providing a frontage of about 385 feet on the avenue, extending from DeKalb av to the Fleet Street M. E. Church, at the corner of Fleet st and Flatbush av extension. The builders have filed plans prepared by Murray Klein, architect, for a 2-story office and store building to cover the entire plot.

Investors Buy in Chambers Street

James E. Morris & Co., wholesale grocers, have added a parcel to their present holding at 153 Chambers st, by acquiring from the estate of Mary M. Miller the 6-sty warehouse, 23.11x75, at 156 Chambers st. This is the first sale of the property in more than 60 years. Geo. R. Read & Co. were the brokers.

Tenant Buys Second Avenue Corner

Charles J. Spiess, pharmacist, a tenant in the 4-sty stone and brick tenement house with stores, 20.5x64, at 1024 Second av, northeast corner of 54th st, has purchased the property from Elizabeth Bohmalk. The sale is recorded.

Goulds Sell Bronx Tract

A large holding of the Gould family in the East Bronx has been acquired by the Kingsland Avenue Children's Home, Inc. The property, which was conveyed by the Five Boroughs Realty Co., holding concern for the Goulds, is located at the southeast corner of Stillwell and Bruner avs. It runs easterly across Ely av to Eastchester Creek, thence southeasterly 946.4 feet to the New York, New Haven and Hartford Railroad. There is a frontage of 60 feet along Bruner av.

Former Owners Buy a Corner

Adolph Hirschfeld and Arthur Greenbaum purchased the 12-sty elevator apartment house, on a plot 102.2x75, at 375 West End av, southwest corner of 18th st, from the Flinn Realty Co., George H. Flinn, president. There are 24 suites in the structure and the reported annual rental is about \$100,000. It was held at \$750,000 and was sold for close to that figure. G. Owen Tucker, Inc., was the broker. The buyers sold the property to the sellers in 1915. They are now taking it back at a much higher price.

Group of Bronx Sales

Scott Bros. sold for the Schwab estate the 3-sty and basement frame 3-family house, on a lot 19x100, at 1852 Anthony av, to Patrick Carey; the same brokers sold 286 Reservoir pl, a 2-sty and basement frame 2-family house, on a lot 22x100, to Ellen Burke for Patrick Jackson; 2719 Decatur av, a 2½-sty and basement frame 2-family house, on a plot 50x112, for the Carey estate to Bartholomew Schiavone; for William Shary, 369 East 207th st, a 2½-sty and basement frame 2-family house, on a lot 22x100, to William P. Flanagan, for occupancy.

Sells Brooklyn 2-Family Houses

Martin A. Ashbro sold the following 2-family houses: 7318 Sixth av, for E. Meister; 569 74th st, for C. J. McPartland; 635 57th st, for M. Chapman; 534 75th st, for John W. Wright; and 549 61st st, for H. Gershkowitz; also the 8-family house at 565 49th st for H. McCormack.

Studebaker Buys in Brooklyn

M. C. O'Brien sold for the High Grade Co. a vacant plot of 34,000 square feet having a frontage of 191 feet on Dean st and 23 feet on Bergen st, between Franklin and Classon avs, Brooklyn, to the Studebaker Corporation of America, which will erect a 4-sty service sta-

tion which will be one of the largest and most complete in greater New York.

Big Sale on Brooklyn Heights

I. Jerome Riker, of Riker & Sanders, sold for the Seven Twenty-Six Ocean Avenue Co., Inc., Joseph F. Musselman, president the "Grosvenor and Berkley," 111-113-115-117 Montague st, Brooklyn, two 8-sty elevator apartment houses, opposite the Hotel Bossert. The property was held at \$350,000. The sellers took in part payment the four 4-sty 8-family apartment houses, 807-815 Eighth av, Brooklyn, on a plot 100x100. The buyer of the Montague st property is the Annie Brimberg, Inc., of which H. Brimberg is president. The rental of the Montague st properties is \$55,000.

Coney Island Landmark Sold

Stauch's dance hall and restaurant building on the Bowery, between Stratton's Walk and Schweibert's Walk, Coney Island, having a width of 113 feet on the thoroughfare and extending back 700 feet to the beach, has been sold by Louis Stauch to a syndicate for approximately \$500,000. The sale included certain leaseholds of tenants fronting on the side streets and the beach.

The future plans of the new owners have not been announced, but it was stated that whether

the present structure is allowed to remain on the plot or a new one erected Mr. Stauch will continue to conduct the resort for another year. It was intimated, however, that a large hotel will replace the structure now occupying the plot, which extends back to the new boardwalk now under construction. The legal matters in the transfer of the property were taken care of by the law firm of Riegelmann & Rosensen.

Sells Long Island City Plot

Cyril Carreau resold the gore plot at the northwest corner of Queens boulevard and Van Dam st, Long Island City. The boulevard is in process of being widened to 200 feet its entire length.

Sells Far Rockaway Tract

Banister Realty Co., Maximilian Morgenthau, president, sold to the Ostend Baths, Inc., Simon Shack, president, the property on the south side of Seagirt av, Ostend, Far Rockaway, with frontage of 64 feet west of Beach 14th st, and improved with a private residence, included in the sale. The property was held at \$30,000. The acquisition of the parcel will give the Ostend Baths on Seagirt av, between Beach 14th and 17th sts, which includes the Hotel Traymore and the Ostend bathing pavilion with more than 2,000 bathing houses. Fine Estates Sold

Herbert G. Wylie, newly elected president of the Mexican Petroleum Co. (Mex Pete), purchased the William A. Schlemmer waterfront estate on Great Neck peninsula, Nassau county. The property comprises an English type brick Colonial residence, greenhouse and other out-buildings. It is situated between the estates of Albert A. C. Asher, president of the New York Consolidated Card Co., and Walter Roessler. The place was valued at \$150,000. Harvey Crawl was the broker.

The Piquet estate sold, through Derschuch & Co., their homestead with 48 acres on the Woodbury turnpike at Syosset, L. I. This property has been in the Piquet family for many generations and is one of the choice sites in the vicinity of many prominent country estates. The purchasers, who, it is stated, have paid close to \$1,000 an acre, will improve the property for sanitarium purposes for tubercular treatment in its early stages.

RECENT LEASES.

Long Leases of General Interest

Joseph Zubow, a silk merchant, who has been of late an active buyer of real estate, completed this week his first downtown operation. Through F. W. Sharp, he leased the 5-sty and basement building, 53 Broadway, on a plot of 26x100 feet extending to Trinity pl. He took the property for 21 years and immediately leased it for the same period to the Goody Shop, which will use part of the building as a restaurant and lunchroom, and rent the rest of it as offices. The Goody Shop will pay a net rental of \$1,275,750. The structure will be altered as rapidly as possible into a modern building at a cost of \$150,000. Robert Walton Goelet is the owner. The property was formerly occupied by the American Foreign Banking Corporation.

The 8-sty store and loft building, on plot 75x100.5, at 427-431 West 42d st, has been leased by the Garford Realty Co. to the Clay-

ton Co. for a term of 9 years and 5 months at an annual net rental of \$26,000.

The 5-sty brick building, 2 East 46th st, 30x100.5, adjoining the southeast corner of Fifth av, has been leased by Charles M. Noble for Shops, Inc., to the newly formed Sama Thro Realty Corporation, of which Mr. Noble is president. The lease carries an option of purchase and begins October 1 next, running till September 30, 1942. It calls for an annual net rental of \$21,500. The lessees have no immediate plans for the property.

George Ehret leased to Joseph J. Snow the 2 and 3-sty buildings with stores, on plot 122x 119.3x irregular, at 2157-2165 Amsterdam av, southeast corner of 167th st, for a term of 21 years at an annual rental of from \$4,200 to \$4,800. The lease contains a 21-year renewal clause at a rental equal to 5 per cent of the value of the land.

Lease 42nd Street Store at Big Rental

Brett & Goode Co. leased for Walter J. Salmon, the store and basement in 7 West 42d st, to The Bootery, Inc., for a term of years; also for the Model Fireproof Tenement Co. a floor containing 12,500 square feet in 645-51 Eleventh av, northwest corner of 47th st, to the Reliance System, New York, for the business of naked enameling of automobile parts.

The 42d st store, mentioned, is one on which the rental was greatly increased, being one of the stores in the Bristol building at Fifth av and 42d st, which property was recently leased for a long term for 10 times what it brought under the old lease about to expire.

Long Lease on Hudson Street

Ruland & Benjamip, Inc., leased for Benjamin B. Davis the 6-sty and basement building, 250-252 Hudson st, for a long term of years, to the Druggists' Commercial Alliance Co.

Gimbels Lease Saks' Building

The present home of Saks & Co. on Broadway between 33d and 34th sts., has been subleased by the United Cigar Store Co., which will take over the property in 1924 on a 21-year lease, to Gimbel Bros., as an annex to their building on the block immediately to the south.

It is understood that between \$100,000 and \$500,000 annual rental has been asked by the United Co., which would bring the aggregate rental up to about \$10,000,000. With additional charges such as taxes, water, etc., the total rental for 21 years would be about \$14,000,000.

The property is owned by Herbert Du Puy, and the lease held by the United was obtained in February, 1920. The property has a frontage of 203.4 feet on Broadway, 150 feet on 33d st. and 79 feet on 34th st. It was taken by the United Cigar Stores Co. on a net rental of \$400,000 a year.

21 Year Lease on Seventh Avenue

H. M. Weill Co. leased for Lee Shubert and Jesse Ehrich, 460 Seventh av., southwest corner of 35th st., for a term of 21 years. The lessee expects to make extensive alterations. Rent involved for the period about \$400,000. The premises is a 4-sty brick building, on a lot 24.8x60.

New Link in Big Hotel Chain

A 15-sty hotel is to be erected on the vacant block between Madison and Vanderbilt av., 45th and 46th sts., by the United Hotels Company of America which has just leased the site from the New York Central Railroad for a term of 21 years with two renewal privileges. The hotel will contain 1,200 rooms, each with a bath, and the entire operation, including the rental, the building and its furnishings, will cost about \$18,000,000. The hotel and furnishings alone will cost about \$8,000,000. The ground lease was negotiated for the New York State Realty & Terminal Co., a holding concern for the New York Central, by Douglas L. Elliman & Co., brokers, George B. Post & Sons, architects, will have charge of the work. The United Hotels Co. is the largest syndicate of its kind in the world. It operates a chain of 18 first-class hotels throughout this country and Canada.

Among the officers are: Frank A. Dudley, president; F. W. Rockwell, Horace S. Wiggins, and J. Leslie Kincaid, adjutant general of New York State, vice-presidents.

The block just to the north of the site was recently leased by the New York Central lines to Webb & Knapp who are improving it with two 12-sty office buildings.

Some Broadway Store Leases

Price, Birkner & Johnston leased, for a term of years, to the Broadway Taxi Sales Co., agents for the Shaw Taxi-Cab Co., of Chicago, Ill., a store, 1851 Broadway, the Pasadena Hotel. Also leased for the 1551 Broadway Corporation to Albert & Marcus the 2d floor in the 12-sty apartment hotel at Broadway and 61st st., for a high-class restaurant.

Site Leased for Large Building

M. Rosenthal Co. leased for clients to Lazow & Smollen the 3d floor of 287 Seventh av.; to Reinstein & Rabinowitz, the 6th floor of 252-258 West 29th st.; for Franklin L. Gross to William R. Lohman, who sub-leased to the Magoba Construction Co. (Gottlieb & Pickett), the site, 50x98.9, at 151-153 West 28th st., adjoining the northeast corner of Seventh av., which will be reimproved with a 9-sty fireproof loft building. The aggregate cost will be about \$1,000,000.

The same brokers leased for a client to the Right Dress Co. the 4th loft of 20 West 27th st., and for Yaunker Bros. to Auslander & Wachtel, 143-145 West 22d st., two 4-sty buildings, for a long term of years.

Issue Brokerage License Blanks

The application blanks for real estate brokers and real estate salesmen, under the law requiring the licensing of them, beginning October 1, 1922, have been issued by the State Tax Commission, and may be obtained at the offices of the Brooklyn Real Estate Board, 180 Montague st., which is co-operating with the Commission in the distribution of necessary blanks.

Chapter 672 of the laws of 1922, providing for the licensing of real estate brokers and real estate salesmen, makes it a misdemeanor for anyone not holding a license from the state to conduct a real estate business after October 1, 1922, in any of the cities and in the counties of Nassau and Westchester.

Tyson Market Deal Closed

The deal for the old Tyson Market at the southeast corner of Madison av and 49th st., reported several weeks ago, has been consummated. The property, which fronts 76 feet on the avenue and 22 feet on the street and containing a 5-sty building, has been leased by the Herbert Hecht Co. for Dr. H. Tyson to the Arrowlee Realty Corporation, William L. Levy president, for a term of 21 years at an annual net rental of approximately \$20,000. The lessees will install 6 stores on the ground floor and also on the parlor floor and convert the upper floors into apartments.

Glaser the Lessee of the Claridge

Morris M. Glaser, of Cleveland, Ohio, is the lessee of the Hotel Claridge, southwest corner of Broadway and 44th st. the lease of which was reported last week. Mr. Glaser has taken over the property from L. M. Boomer, president of the Claridge Hotel, Inc., for 21 years, at an aggregate rental of \$5,000,000. He will spend at least \$200,000 altering the structure so as to include stores on the ground floor. Mr. Glaser recently bought the old Grand Opera House property at Eighth av and 23d st from Frederick Brown, the operator, who acquired it last spring from the James J. Gould heirs.

The Claridge has a frontage of 102 feet on Broadway and 130 feet on 44th st. and is 13 stories high. It was Rector's before it became the Claridge. The brokers in the deal were Day & Day, the Brown, Wheelock Co. and Harvey B. Newins.

Scoville School in Fifth Avenue

The former Jamison residence at 1006 Fifth av has passed into the hands of the Scoville School on a long term lease. The house is a 5-sty stone American basement dwelling, on a lot 25x100.7½. In 1919 it was sold for \$180,-

000, having just previously been purchased by the seller for \$175,000 through Douglas L. Elliman & Co. In June, 1920, it was sold at auction to Mrs. Alice Hoffman for \$150,000. Mrs. Hoffman is the lessee in the present reported deal.

When the Scoville School takes possession it will be the second private school having headquarters on Fifth av. The Bovee School owns and occupies the building at 836 Fifth av.

Long Lease on East Side

The 4-sty brick building, on plot 50x100.5, at 110 and 112 East 59th st has been leased by Paris E. Singer to Anna M. K. Hawksworth for a term of 11 years at a yearly rental of \$12,500. It adjoins the southeast corner of Park av.

Tire Company Leases Building

Slawson & Hobbs leased for Daniel B. Freedman for a term of years, the 5-sty building, 256 West 55th st, adjoining Broadway, to the Miller Rubber Co. of New York, manufacturer of Miller Tires. After extensive alterations, the Miller Company, who is now a tenant in part of the building, will use the entire premises.

Plans Outlined to Eliminate Evils in Construction Industry

Franklin D. Roosevelt Presides at Executive Committee Meeting of American Construction Council at Which Program Is Discussed

THE newly organized American Construction Council, which was formed at Washington on June 19 at the suggestion and under the guidance of Secretary Hoover of the Department of Commerce, has taken the first steps toward putting into operation its outlined program of constructive effort which, it is hoped, will eliminate many of the evils which have developed in the industry during the past decade. Franklin D. Roosevelt, the president of the Council, met the executive committee at his home last Friday afternoon for a general discussion of the affairs of the industry and to further crystalize the plans for immediate remedial action. The executive committee represents the eleven important trades and groups which comprise the industry and it will be directly in charge of carrying out the policies and plans of the Council.

The prime purpose of the American Construction Council is to place the construction industry on a high plane of integrity and efficiency and to correlate the efforts toward betterment, made by existing organizations, through a conference association representative of the entire industry and dedicated to the improvement of the service which the construction industry renders to communities, cities and states.

In this body equal voting power has been given to architects, engineers, general contractors, sub-contractors, construction labor, material and equipment manufacturers and dealers, financial, bond and real estate interests, public utility construction departments and the construction divisions of Federal, State and municipal governments.

This Council, which is sponsored by Secretary Hoover, aims to adjust building costs, the housing shortage which has been a serious national problem for several years, and the winter unemployment in the building trades by methods of standardization and through the co-operation of all those interested in construction activity. The executive council, as elected by the executive committee, is composed of one representative from each of the eleven groups into which the Council is divided.

Those selected for membership in the executive council were D. Knickerbocker Boyd, architect; Charles D. Lovett, engineer; N. Foster Hoggson, general contractor; Oscar A. Reum, sub-contractor; John Donlin, construction labor; William M. Ritter, construction material and equipment; M. T. Bannigan, material dealer; Willis H. Booth, bond and insurance; Francis Blossom, railroads and public utility interests; J. E. Gries, Federal, State, county and municipal officials, and Walter Klie, exchanges and building trade employers' associations.

Included in the program adopted for the first year's work of the Council is the drafting of a code of ethics to restore public confidence in the building industries, shattered to a great extent through recent disclosures here and in Chicago during the past two years. According to an announcement made after the meeting of the executive committee with President F. D. Roosevelt, the program for the coming year will be chiefly along the following lines:

First—To strike at what perhaps is the fundamental evil in the construction industry: The lack of steady employment on the part of approximately 3,000,000 workers dependent upon the industry for their living.

Second—To promote vocational guidance through the educational systems of the country in order to raise the efficiency and workmanship and to co-operate with labor in effecting a

reduction in the national shortage of skilled building mechanics and the encouragement of proper apprenticeship systems.

Third—To appoint immediately a committee to formulate a code of ethics governing all branches of the construction industry to promote greater public confidence and to eliminate various abuses from which both the public and the industry have suffered.

The problem involved in the lack of steady employment in the construction industries received considerable attention at the meeting in Washington. It was shown that the average employment of workers in the building industries throughout the country is 180 days a year. Some of the unemployment is due to seasonal obstructions to outdoor work, some to lack of materials, or other reasons that occasion intermittent employment of certain classes, where the workers of one industry have to wait on the workers of another.

At the recent meeting of the executive committee, at which Mr. Roosevelt occupied the chair, it was decided to tackle this problem without delay. The consensus was that with the days of employment fewer than those constituting a theatrical season the annual earnings of building workers necessarily were small, although the daily wage in certain of these industries had become almost prohibitive. It was decided that if the obstacle to steady employment could be overcome, as the council hopes, the cost of construction labor would be reduced, the building of homes would be brought within the reach of thousands and thousands who could not now afford to build, the shortage in housing would be conquered, a boom would follow and the workers in the building and allied industries would be far better off than now.

Gathering of statistics dealing with projected construction work in the year throughout the country will be one important feature of the council's work. With continuous and accurate statistics, the council hopes to reduce the migration of labor, which results in an acute shortage in certain localities and an oversupply in others. Statistics, it was pointed out, also would enable allied industries to accurately gauge the requirements of the country and act as a check on over or under production in building and construction materials.

"There is absolutely no doubt that the construction industry must do something constructive," President F. D. Roosevelt said to the council "I refer not to abuses of power in the past, by this, that or the other individual or local organization; I speak of the fact that an immense sum of money, energy and happiness on the part of the American people can be saved if the existing waste is eliminated.

"In my judgment the American Construction Council must be broad enough to include every element, and it must be strong enough to strike at any individual or association of individuals which fails to live up to certain simple standards of ethics in business dealings. It may be felt by some that there would be danger through the limitation of freedom of action of the individual, but it must be remembered that the public as a whole are concerned in the efficiency, honesty and honor of all the groups constituting the construction industry. It goes without saying that if the members of the construction industry are unable to keep their own house in order, an exasperated public will some day regulate their house for them."

Architect Describes Plans for Proposed Art Center

Project as Outlined by Designer and City Chamberlain Will Cost Between \$15,000,000 and \$20,000,000—Another Site is Suggested

THE first detailed description of the plans for the proposed music and art center was given out this week by Philip Berolzheimer, City Chamberlain, who is chairman of the committee which proposed the construction of this project.

The preliminary plans have been prepared by Arnold W. Brunner, past president of the American Institute of Architects, who with his map of the buildings presented a description of their design and outstanding characteristics.

"The site suggested extends from Fifty-seventh street to Fifty-ninth street on the axis of Seventh avenue," said Mr. Brunner. "This provides a plot 460 feet in width by 640 feet in length.

"Seventh avenue is deflected at Fifty-seventh street so as to connect with Fifty-ninth street by two curved streets, each eighty feet in width. These two streets together are 160 feet wide, and, accordingly, they provide sixty feet additional access to Fifty-ninth street.

"This site is large enough for the group of buildings, all of which will be kept back of the property lines so that they will be surrounded by large open spaces, which are to be treated partly as paved plazas and partly with lawns, gardens trees and flowers.

"Looking north from Seventh avenue the opera house will have a fine approach forming the end of a vista. The site is exceptional, nothing finer could be imagined.

"The opera house is planned in the centre of the composition. It is 200 feet wide, 380 feet long and approximately 130 feet high. It is intended to provide all the requirements of the present opera house with the additional facilities which they cannot now secure, such as ample foyers and approaches, proper depth and width of stage, adequate dressing rooms, storage for scenery and the various utilities which are now lacking. It is separated from the buildings on either side by a space equal in width to a city street, thus giving unusual facilities for ingress and egress. It is proposed to construct a terrace in front of the Opera House connected with Central Park by a bridge over Fifty-ninth street, and there also will be various connections with the subways on a lower level, thus providing access on three different levels in order to take care of the crowds of pedestrians and vehicles.

"On the west side of the Opera House it is proposed to place the building for the fine arts, which forms a part of the proposed Music and Art Centre. It is approximately 350 feet long and 113 feet wide. The wing facing Fifty-eighth street projects fifty-six feet and is 125 feet in width. The building will be ninety-five feet high. There is to be a central court and two smaller courts, or formal gardens, for the exhibition of sculpture.

"This building will give adequate exhibition space with well lighted rooms and galleries for the work of living artists and for the exhibitions that are held by the various societies that form the National Academy Association. The sub-divisions will be of various sizes in order to provide for smaller pictures, prints, etc., and there will be some rooms with high ceilings suitable for displaying great mural paintings. There will also be ample space and facilities for numerous classes of art stu-

dents. The building as shown is entirely isolated and surrounded by garden space with courts and flowers.

"On the other side of the Opera House it is proposed to place a building which will in reality consist of three buildings. In the centre there will be an auditorium, with all the necessary adjuncts, entrances, stage, offices, etc. This auditorium is for concert purposes and will be approximately the size of Carnegie Hall. This concert hall is flanked by two wings, one to contain a conservatory of music, study rooms, rooms for chambers music, etc., the other a municipal theatre. The size of this music group is about the same as that of the building for the fine arts. Ample ingress and egress to these three buildings is provided, as there will be roadways on all sides of them.

"The exterior of the group of buildings will be treated in a modified and modern adaptation of classic motifs, great simplicity and dignity being the dominant note."

Further details regarding the proposed civic and music center at Fifty-ninth street and Seventh avenue were furnished Wednesday by Chamberlain Berolzheimer and Joseph Haag, Secretary of the Board of Estimate. It is estimated that the cost of the buildings to be erected is between \$15,000,000 and \$20,000,000, while the assessed valuation of the property is put at from \$15,000,000 to \$17,000,000.

Another site suggested is the property extending from Forty-ninth to Fifty-third streets, west of Sixth avenue. This site has an area approximately twice as large as the Fifty-ninth street site. If the latter site is selected, it is proposed that the Fifty-ninth street crosstown cars be sunk underground and the street itself be made a park street between Fifth and Eighth avenues, thereby extending Central Park at Seventh avenue to Fifty-seventh street and improving the approach.

Mr. Berolzheimer suggested that the Metropolitan Opera and Real Estate Company sell its property, including its seven warehouses, valued at \$4,500,000, turn the amount over to the city and move into the new building, which is to be the central building of the new plan, keeping its present organization and directorate.

Regarding the establishment of a new scale of prices under these conditions, Mr. Berolzheimer said:

"Possibly legislation is necessary permitting the present owners of the real estate to continue owning the thirty-five boxes in the new building. In consideration of the saving of taxes, it is suggested that the opera company will either lower their prices considerably on their low-price seats, in favor of the public, or give a number of special operas of the same high class after the end of each season for the benefit of the Board of Education and the people in general. Assurance has been given that at the present time the Metropolitan Opera Company is not run for profit, but that any surplus which has occurred from time to time is being used for the production of new operas and scenery.

According to the act passed in March, 1922, the buildings must be erected by money raised by private donations and endowments, and repairs and expenses have to be met by the parties with whom the Board of Estimate may contract for the occupancy of the buildings.

New York Society of Architects Holds Combined Meeting and Outing

THE regular monthly meeting of the New York Society of Architects was combined with the annual outing, which was held at the Bayville Casino, Bayville, L. I., Tuesday, June 20. There was a large turnout of members, who, with their guests, made the trip by automobile. The program of athletic events, which preceded the dinner, included a baseball game between the veterans of 40 to 50 years of age, who had not played the game for many years, a tug-of-war, foot races and a swimming match.

After a splendid shore dinner a short business meeting was held. The principal topic of discussion was the proposed appointment of a city architect. This matter was keenly debated by the members and the speakers included President J. R. Gordon, Vice-President A. E. Fischer, John H. Scheire, W. T. McCarthy and Henry Holder. At the meeting Carl B. Cali, John C. Kleinhenz and John E. Scharsmith were elected to membership in the Society. For interest and enjoyment the day will be historic to the Society.

Decided Increase in All Phases of Local Building Activity

Weekly Statistics of F. W. Dodge Company Show Significant Improvement in Outlook for Construction Industry in Metropolitan District

BUILDING construction totals for the twenty-fifth week of this year show a decided improvement when compared with those for the past three or four weeks. Substantial gains have been noticed in practically every type of operation and, according to current reports, the coming weeks are likely to show a steady and consistent improvement in the general construction situation. According to figures tabulated by the F. W. Dodge Company for the territory including all of New York State and New Jersey, north of Trenton, the week of June 17 to 23 inclusive was one of the most active this year in both new operations reported as planning and in contracts actually awarded. During the week architects and engineers reported plans in progress for 619 new structural projects in this territory which will involve a total expenditure of more than \$31,088,100. The contracts placed during the week numbered 424 and represent an outlay of approximately \$20,508,400.

Figures for Greater New York show a gain that is consistent with the increase so general throughout the New York district. During the week announcement was made of plans in progress for 277 building and engineering projects scheduled for locations in the five boroughs of this city which will require an expenditure of about \$18,990,300. The local contract commitments for the week include 134 projects at an estimated total cost of \$14,006,000.

Local commitments shows a significant improvement in commercial and industrial construction activity and a revival of interest in education buildings. The residential work continues to be the dominating factor in the local field and, as a matter of fact, the total for the past week was considerably higher than for the three weeks previous.

The list of 277 operations for which plans were announced during the week of June 17 to 23 inclusive is comprised of 52 business projects such as stores, offices, lofts, commercial garages, etc., \$2,692,000; 4 educational buildings, \$623,600; 2 hospitals and institutions, \$9,500; 4 industrial buildings, \$68,500; 3 public buildings, \$6,977,000; 8 public works and public utilities, \$83,800; 2 religious and memorial projects, \$70,000; 200 residential buildings, including apartments, flats and tenements and one- and two-family dwellings, \$6,435,900, and 2 social and recreational operations, \$2,030,000.

Among the 134 projects for which contracts were awarded during the twenty-fifth week of this year were 38 business buildings of various types, \$2,246,500; 7 educational structures, such as schools, colleges, libraries, etc., \$1,288,100; 1 hospital, \$35,000; 4 factory and industrial buildings, \$441,000; 6 public works and public utilities, \$225,000; 1 religious edifice, \$30,000; 75 residential operations, including multi-family structures and one- and two-family dwellings, \$9,700,400, and 2 social and recreational buildings, \$40,000.

PERSONAL AND TRADE NOTES.

Raritan Hollow Tile Corporation has established offices at 47 West Thirty-fourth street.

John Woolley, architect, announces the removal of his offices to 158 West 45th street.

Gregory B. Webb, architect, is now located in the Winfield Building, 469 Fifth avenue.

F. J. Schwarz, architect, recently moved his office from the Colt Building, Paterson, N. J., to the Woolworth Building, 233 Broadway, New York City.

Sandusky Cement Company recently opened a New York City sales office at 350 Madison avenue, under the direction of G. B. Rogers, sales manager.

Joseph B. Gunnison, formerly with the White Construction Company, Inc., has formed the Gunnison Construction Co., and proposes to conduct a general contracting business.

John A. Rossi, architect, announces the removal of his office to 563 East Tremont avenue, the Bronx. He desires samples, catalogues and price lists of building materials and specialties.

H. H. Tinkham, Amityville, was re-elected president of the Long Island Lumber Dealers' Association at its recent annual meeting. W. R. Pettit, of Huntington, was elected vice-president, and George Adams, of Far Rockaway, treasurer.

T. A. Kleinfelter, superintendent of the plant of the Atlantic Terra Cotta Company, Tottenville, S. I., recently resigned to become general manager at the pottery plant of the J. L. Mott Co., Trenton, N. J. He has been succeeded at the Tottenville plant by Frederick Parsons, formerly foreman of the pressing shop.

Production of Stone in 1921

About 62,400,000 short tons of stone was quarried in the United States in 1921, according to the United States Geological Survey, Department of the Interior. This is more than 20 per cent. less than the production in 1920. The estimated value of this stone is \$92,500,000, a decrease of 30 per cent. as compared with 1920.

Producers all over the country stated that both wages and prices had been reduced, and nearly all reported a decrease in the cost of production. High freight rates are said to have contributed largely to the general depression in the industry.

Building stone was in but little demand, and the returns at hand indicate a decrease in output of about 25 per cent. The output of monumental stone, which has shown practically no diminution during the last five years, apparently decreased more than 45 per cent. Paving blocks were in great demand, and increases were shown in the sales of curbing and flagging, facts that indicate a revival in street work in cities and towns. The campaign begun for the betterment of suburban and country roads caused an increase of nearly 8 per cent. in the output of crushed stone. Depression in the metal-smelting industry was reflected in a decrease of more than 50 per cent. in stone sold for fluxing and for use as refractory material. Decreases were noted also in the demand for agricultural limestone, and for stone used by alkali works, sugar refineries, paper mills, and in other manufacturing establishments throughout the United States.

New Contracting Firm Organized

The George Backer organization has announced its intention of entering into the field of general contracting with the formation of a new company, to be known as George Backer, Inc. With the entire personnel of the old George Backer Construction Company, this new firm claims it will be in a position to offer its service to those who appreciate quality, speed and economy in building construction. The offices of the new organization are at 295 Fifth avenue.

A. I. A. Elects Officers

At the recent annual convention of the American Institute of Architects in Chicago, the following officers were elected for the ensuing year: William B. Faville, San Francisco, president; E. J. Russell, St. Louis, first vice-president; Robert D. Kohn, New York City, second vice-president; William Stanley Parker, Boston, secretary, and D. Everett Waid, New York City, treasurer. William Emerson, Boston; Benjamin W. Morris, New York City, and William L. Steels, Sioux City, were elected directors.

TRADE AND TECHNICAL SOCIETY EVENTS.

National Board of Jurisdictional Awards will hold its annual meeting at Atlantic City, July 6.

Wall Paper Manufacturers' Association of the United States will hold its annual convention at the Hotel Commodore, New York City, during the week beginning July 31.

New York State Retail Hardware Association will hold its annual convention and exposition at Rochester, February 20 to 23, inclusive, next year. Headquarters will be established at the Powers Hotel. Sessions and exposition will be held at Exposition Park.

Illuminating Engineering Society will hold its annual convention in Boston, September 25 to 28 inclusive. This will be the sixteenth annual gathering of the society, and the convention arrangements are in the hands of a committee of which C. L. Edgar, president of the Edison Electric Illuminating Company of Boston, is chairman; H. F. Wallace, vice-chairman and J. Daniels, secretary.

Where Apprentices Are Most Needed

The Building Trades Employers' Association, of New York City, recently made a survey of the employment situation in the building trades throughout the country. Among other interesting data it gives a list of the building trades in the order, as one might say, of their scarcity, showing the plasterers in greater demand than any other trade and putting concrete laborers, the supply of whom greatly exceeds the demand, at the bottom of the list, with the other trades in between in the following order: 1, Plasterers; 2, Terrazzo Workers; 3, Encaustic Tile Layers; 4, Elevator Constructors; 5, Marble Cutters and Setters; 6, Metallic Lathers; 7, Bricklayers; 8, Painters; 9, Steamfitters; 10, Mosaic Workers; 11, Plumbers; 12, Carpenters; 13, Plasterers' Helpers; 14, Sheetmetal Workers; 15, Cement Finishers; 16, Tar and Felt Roofers; 17, Hod Carriers; 18, Structural Iron Workers; 19, Hoisting Engineers; 20, Electrical Workers, and 21, Cement and Concrete Laborers.

CURRENT BUILDING OPERATIONS

CONSTRUCTION interests in the Metropolitan district are now in the mid-season rush and new projects are piling up more rapidly than the industry is able to handle the work. The past week has been exceedingly active in all lines, and according to the projects now being planned in the offices of architects and engineers the prevailing building boom is likely to continue for many months to come. At present the activity is progressing to the limit of available materials and mechanics. There is no surplus of building labor and materials are being absorbed into construction work as rapidly as they arrive from production points.

The building labor situation is quiet and no disturbances to an extent that will retard local activity are anticipated. It was recently announced that the Master League of Cement Workers had renewed its agreement with the Independent Bricklayers' Helpers and Building Laborers' Union of America, Inc., which insures the continuation of the existing wage scale and working conditions for about 6,500 cement and concrete workers.

The building material dealers in New York City and its environs are well satisfied with the prevailing market conditions. The demand is keen in practically all lines, with brick, cement, lumber, terra cotta and similar products especially active. There is a steadily advancing trend to building material prices due to the strength of the demand and the relatively limited supplies in certain lines. Although Hudson River common brick is coming into the market as rapidly as the producers are able to make and ship it all cargoes are taken up immediately upon arrival and the recent advance in price apparently has not effected the sales.

Common Brick—The demand for the Hudson River product continues so keen that manufacturers have been unable to do more than keep up with current orders. No reserves are on hand as yet and there is every likelihood that neither manufacturers nor dealers will be in a position to stock brick for some months to come. The past week was very active in the New York wholesale market. A total of forty-seven barge loads of brick arrived from up-river points and all were disposed of immediately. The recent price advance has not affected buying to any degree and at the present the price situation is exceedingly firm and with a decided trend toward further advances. The market for Hudson River common brick is now from \$21 to \$22 a thousand.

to dealers in cargo lots alongside dock. No changes have occurred in the manufacturing situation. Fuel is just as scarce as it was a few weeks ago and labor difficult to handle and inefficient. The majority of the producers are going ahead with what little fuel they have been able to gather and are hoping for an early settlement of the strike to make coal more easily available. Otherwise production must cease and a serious situation follow.

Summary—Transactions in the North River brick market for the week ending

Thursday, June 29, 1922. Condition of market: Demand very keen; prices firm and with a tendency toward further advances. Quotations: Hudson Rivers, \$21 to \$22 a thousand to dealers in cargo lots alongside dock. Number of cargoes arrived, 47; sales, 47. Distribution: Manhattan, 15; Bronx, 2; Brooklyn, 23; New Jersey points, 5; Astoria, 2.

Face Brick—Manufacturers of face brick are experiencing the same fuel difficulties that for the past month or more have discouraged the producers of the common variety. As a result of the fuel

MATERIALS AND SUPPLIES

situation face brick prices are firmer than they were. The demand is excellent and shows every sign of continuing at its present rate as there is a large amount of new construction coming out and the active building projects is still an important factor.

Lumber—There has been no apparent change in the local lumber market situation during the past week. Business is excellent in both wholesale and retail departments of trade and all current signs indicate a continuation of intense activity. Although the construction in-

dustry is the most important market factor today there is increasing interest developing among the manufacturing consumers as denoted by recent inquiries. The trade in general, however, looks to construction to furnish the bulk of the business for the remainder of the year as the building program is now at its height and there is no indication of an abatement in the volume of new work being brought out. The mills are exceptionally busy and still they are unable to keep abreast of orders which are piling up faster than the mills are able to manu-

facture. Throughout the entire lumber market prices are exceedingly firm and some lines are showing marked upward tendencies. The average of prices at present is considerably higher than it was five or six weeks ago, and according to those most familiar with trade conditions the end of the upward price movement is not yet in sight. Prices cannot become stabilized while the prevailing buying movement continues nor as long as the building industry is responsible for lumber orders in greater volume than the mills are able to handle.

Builders' Hardware—Market conditions are practically unchanged. Demand remains very brisk and according to all accounts local dealers will have excellent business while the prevailing building boom continues. Reports from suburban districts indicate a growing volume of small house construction and within the city boundaries there is great activity in apartment house and commercial building. Jobbers are experiencing no special difficulties in keeping their stocks up to standard, but manufacturers are forced to keep their plants operating at full time. Prices are fairly steady and no changes of consequence have been reported during the past week.

Structural Steel—Although buying activity has slowed down to some extent during the past week or so there is still considerable current business in this line. Several new inquiries developed during the week and as they involve a fairly large total tonnage the industry is hoping that the bookings will be announced soon. The fabricating shops are doing their best but the fuel situation has retarded progress to a considerable extent and as a result the majority of fabricators are now not in a position to promise deliveries under three months. Prices are very firm and with a decidedly upward tendency. Fabricated material on ordinary commercial construction continues to range from \$70 to \$75 per ton erected, with the majority of recent contracts awarded at the higher figure.

Nails—Business in this line is quite spotty at present. Buying activity varies considerably in different locations, but as there is a steady gain in the volume of active construction jobbers are generally optimistic. During the past week or so there have been rumors of a developing shortage in nail supplies. This is largely attributed to the effect of the coal strike on the steel industry. At present local dealers have fair assortments, however, and there is little delay in making deliveries. Prices are steady.

Edison Service for Church Building

The Metropolitan Temple and Hotel at Broadway and 104th Street, a combination of church and hotel, will be unique among the church buildings of New York. Plans, by R H Shreve and Carrere & Hastings, architects, call for an auditorium occupying the first three floors, a school for missionaries above that with the remainder of the building used as a hotel. The hotel will cater especially to church members. A mammoth electric sign at the fourteenth floor will be used for church advertising

There will be twenty-five hundred lamps for illuminating the building; the other conveniences, such as elevators, house pumps, and ventilating systems, will be operated by motors totaling one hundred and seventy-five horsepower. Light and power will be supplied from the mains of this Company

Our engineers are ready to assist you in planning your electrical installation. They are *At Your Service*—without obligation to you

Mortgage Firm Buys Building

THE American Bond & Mortgage Company, Inc., has purchased from the 343 Madison Avenue Corporation the ground lease covering the property at No. 343-345 Madison Avenue, and the thirteen-story modern office building which has just been completed. The plot is 50 by 100 feet and adjoins the Equitable Trust Building.

The building will be used as the permanent New York office of the American Bond & Mortgage Company, Inc., and plans are now being drawn for extensive alterations and improvements of both the interior and exterior of the building. These plans include the installation on the ground floor of one of the finest and best equipped banking floors in New York.

Upon completion of the alterations, which will be in about three months, the American Bond & Mortgage Company, Inc., will occupy the banking floor and two connecting floors for the transaction of their Eastern business.

The organization is one which has been na-

AMERICAN BOND & MORTGAGE BUILDING

tionally known for years, and which during the past year and a half has come into great prominence in making available for housing needs large sums of money. Not long ago the company announced that they had twenty-five million dollars available this year for this purpose, and the builders they are aiding financially are located in many of the great metropolitan centers such as Chicago, Ill., Detroit, Mich., Davenport, Iowa, Rockford, Ill., Cleveland, Ohio, and New York, N. Y.

The plan pursued by the company is to take mortgages of around \$500,000 to \$7,000,000 and divide these into small denominations, thus making available to the average investor First Mortgage Real Estate Bonds secured by large properties.

The company was founded seventeen years ago, and since then have enjoyed an enviable reputation for supplying mortgage investments to the public.

Charles Memberson was the broker in the deal, Stoddard & Mark represented the purchaser, and M. Carl Levine represented the 343 Madison Avenue Corporation. The building was constructed by Joseph G. Siegel, Incorporated, after plans by Bloodgood & Sugarman.

The purchasing of this property by another one of the well-known mortgage bond houses is a further confirmation of the value of this location on Madison Avenue near the Grand Central Station.

It is the purpose of the organization to rent the floors not needed for its own use.

Our Expert Help in Building

If you get a building loan from our Company, we watch the building during its entire construction, in our interests as well as in yours.

The average builder wants to build a good building, but to-day there are many men in the building business who are not experts and very often they are badly deceived by those who work for them.

If you get your building loan from us, you will have our supervision and our advice in addition to what you receive from the Building Department of the City of New York. The chances are good that you will get a good building.

Our charges for building loans are moderate and we shall be very glad to examine your plans and specifications and give you an early report on the amount we are willing to lend.

Another Opportunity for Governor Miller

With the exception of problems arising from emergencies, no problem of government can be more important than the fair and equitable assessment of property, especially real property. And yet, year after year passes without any serious effort being made by the government at Albany to end the inequitable assessments which long have constituted a grave scandal in the Empire State.

Involved in this problem is no question of Home Rule, but there is involved, or should be, the Golden Rule. It is the height of injustice that property in New York City should be assessed at approximately its full value while in practically all other sections of the state no serious effort is made to assess at anything approaching full value. The fault does not lie in New York City, for here the assessing officers strive to comply with the law, and they are credited in Albany with doing so. But other assessors, in general all over the state outside the metropolis, have not for years made serious effort to comply with the law, and are still scandalously delinquent in that regard.

The State Equalization Table for 1922, published exclusively in the last issue of THE RECORD AND GUIDE tells the same old story of other years. It shows that property in New York City is being assessed at practically full value, while in most other sections of New York State the local assessors continue to do their work in absolute disregard of their oaths of office. Real property in New York County, the table shows, is assessed at 95% of full value, as it has been for several years, in Kings at 95%, in the Bronx at 93%, and in Queens and Richmond at 89%. The only other counties in the state credited with approaching full value in assessments are Westchester and Niagara, with 90% each. Two of the larger up-state counties, Erie and Oneida, are credited with assessments 87% of full value, Rensselaer 84% and Onondaga 80%. But Monroe is rated at 79%, Albany at 75%, Oswego at 70%, Chautauqua at 69%, Columbia at 65%, Schenectady at 61%, Ulster at 57% and Clinton at 47%. Only thirty-four of the fifty-seven counties outside Greater New York are credited with assessments above 70% of actual value. In the other twenty-three counties the assessments range from 21% to 69% of full value, Sullivan continuing to hold the unenviable distinction of being the most-inefficiently assessed county in the state.

The State Board of Equalization at Albany is assumed to adjust the inequalities of local assessments through the annual equalization table, but it is notorious that this plan, followed for many years, is a failure. The trouble is fundamental, and the owners of real property in New York City never will get a square deal until assessors in every part of the state are compelled to make assessments in accordance with the law. As matters stand, the assessing officer in no part of the state outside New York City pretend to assess property at full value. They know the law, and most of them know what is their duty, but for political or personal reasons they go along, year after year, holding down assessments to gain local popularity and brazenly making oath that

their assessments represent the full value of the properties coming within their jurisdiction. This has been the established system in up-state counties, and no Governor and no Legislature with sufficient courage to end the scandal have come into power at Albany.

THE RECORD AND GUIDE has been hoping that Governor Miller, whose courage has been displayed in his stand on other vital state problems, would turn his attention to this one. Governor Miller has not done so as yet, however, and the scandalous situation which has existed for years seems bound to continue indefinitely unless he or some other Governor unafraid of petty up-state officeholders takes a determined stand and compels in the counties outside New York City the assessment of property on the basis required by law. Until this is done, property-owners in the metropolis must continue to suffer gross injustice, and in many instances property-owners up-state must continue to be the victims of inequitable assessments as between themselves and their neighbors.

To Make Mortgages More Liquid

There is little doubt that if mortgages on New York City realty were as easily marketable as selected speculative securities investors would be more inclined to make loans on bond and mortgages than to place funds under their control in industrial and railroad issues which are subjected to wide fluctuation in price. Why Wall Street stocks and bonds are more popular with private individuals and corporations and quite often with trustees of estates is that they are more liquid in character than realty bonds and mortgages. Investors of all classes have been influenced in the disposition of funds under their control by the bankers' creed that capital funds must be quickly convertible into cash. A banker wants safety, but he must be able to turn his securities into money instantly whether circumstances are favorable or not. In this he differs from most investors, who more often than not can obtain time to liquidate good securities even when hard pressed. Naturally the banker who frequently acts for the investor or advises him has influenced, consciously or not, those seeking investments. So that prime stocks and bonds instantly convertible into cash hold first place in the investment field.

Other things being equal, no fault could be found with this. But there is abundant evidence that investors in speculative stocks and bonds, even when most carefully selected, have not fared so well as those who have placed their funds in bonds and mortgages. In the testimony before the Committee on Ways and Means of the House of Representatives and the Joint Legislative Committee on Housing, representatives of trust and insurance companies and savings banks admitted heavy losses in speculative securities held by them. They readily agreed that their investments in realty mortgages, on which losses were trifling, were comparatively small.

The safety of mortgage loans is based on excess of value of the property to the amount of the loan. In farm mortgages in the United States the value of the property on

which the mortgages aggregate \$4,012,711,213 is \$13,772,729,610. The mortgages amount to less than 30 per cent of the real value of the property. Loans on city property are usually placed at 60 per cent of real value, with amortization annually reducing the percentage. With speculative issues the value of the collateral back of the stocks and bonds is quite often problematical and the interest return subject to variation.

If some method can be devised by which bonds and mortgages can be readily converted into cash, this form of investment should become very much more popular, even with those who have hitherto only been satisfied with securities traded in on the Stock Exchange. Their relative safety would give them the preference over the more active listed issues. And the result would be a flow of money into the real estate field which would react favorably on prices for all kinds of well-located property.

Recognizing the importance of this question, the Real Estate Board of New York announces that through its Committee on Stock Listing it is trying to devise some plan by which to make mortgages commercially more available. This action follows the start which has been made in a comparatively small way by the sale of bonds issued with a building or group of buildings as security. The Realty Board, however, is trying to work out a plan which will cover the whole field, a problem full of complications, the solution of which would mean much to all owners of and investors in real estate.

Further Opposition Futile

President Harding has approved the act of Congress which gives Federal sanction to the plan to develop the Port of New York through the co-operative action of the

States of New York and New Jersey. This measure, strongly backed by public sentiment in the two states most concerned, had been passed unanimously in both branches of Congress, and the President, after affording Mayor Hylan an opportunity to file objections, took his stand with the many other important officials who, regardless of politics, favor the project.

It has been difficult to fathom the motives or processes of thought which have caused Mayor Hylan and his official associates to oppose this project, as they have from the beginning. The proper development of the Port of New York is not a political matter, and political considerations never should enter into it. Certainly no plan can be classed as political when it has the support of a Republican Governor in New York and a Democratic Governor in New Jersey, when the members of the Port Authority are chosen from both parties and when the Democratic as well as the Republican members of the Senate and House of Representatives in Washington support it without a single vote in the negative. Mayor Hylan gave the President no valid reason for not approving the project, the constitutionality of which had already been passed upon by lawyers quite as astute as those associated with the City Administration.

New York as a city and the residents of the Metropolitan District as individuals have suffered for years through the failure of public officials to plan and carry out some comprehensive plan for the development of the port. Now that such a plan has been prepared and is backed by the authority, not only of New York and New Jersey, but of the Federal government as well, this would seem an auspicious time for the Hylan Administration to drop its misguided opposition to this great project. The chances are that such a favorable opportunity will not present itself again.

Federal and City Officials Confer on Site for New Downtown Post Office

PROGRESS was made last week in the relocation of the downtown branch postoffice, now occupying the old building on the lower apex of City Hall Park. Secretary of the Treasury Mellon, Postmaster-General Work and Attorney-General Daugherty, appointed by President Harding on a commission to confer with New York City officials about a site for a new Federal building, came here from Washington and met Mayor Hylan, Comptroller Craig, Commissioner of Plant and Structures Whalen, Borough President Miller and Park Commissioner Gallatin, and went over the ground which it is proposed to turn over to the Government in exchange for the site of the old postoffice.

The site under consideration is the block bounded by Leonard, Centre, Worth and Baxter streets. Its area is estimated by Comptroller Craig at more than 60,000 square feet. The Comptroller believes that it is large enough to provide all the space the Government will need, but if more space is necessary the block to the west, bounded by Leonard, Lafayette, Worth and Centre streets may be added. The property is a part of the area acquired by the city for the new County Court House.

Data on the new site will be submitted to the architect of the Treasury Department, and he will be sent here to confer with Guy Lowell, architect for the Court House Committee. The amount of space needed by the Postoffice Department and the Department of Justice will be determined and the selection of the site will be based largely on this consideration. The commission of cabinet officers will return here later for a final conference with the city officials.

One plan that is under consideration is the erection of two Federal buildings—one for the branch postoffice and the other for the Federal Courts and the offices of the Department of Justice, including the United States District Attorney. If this is decided upon,

the two blocks probably would be taken. If it is determined that only one building is to be erected, but that both blocks are necessary to provide the space required, Centre street, for a distance of one block, may be closed or arched over, like the Municipal Building over Chambers street.

Attorney General Daugherty, who acted as spokesman for the commission, made this statement concerning its visit:

"It is desirable to get as many departments as possible near together, so that the public may have centralized accommodations and facilities to transact its business more economically. Anything the Federal Government can do consistently with its desire to serve the community it ought to do. The City of New York has grown so tremendously and the Federal business, of course, has grown in proportion that old buildings and, in some instances, the locations of some of them are out of date. We hope to be able to agree upon a plan which from a financial standpoint will be beneficial to both city and federal governments."

The Postmaster General seemed to be favorably impressed with the site. Attorney General Daugherty indicated that he would like to have a separate building erected for the Federal Courts and the Department of Justice.

Comptroller Craig said that the site under consideration would provide all the space needed for mail trucks and that the fact that the old mail tube system, which is to be restored, run under it was an additional advantage. The advantage of concentrating all the courts—State and Federal—in one centre were obvious, the Comptroller added.

If the site mentioned is finally decided upon, and two Federal buildings located there, the appearance of the section near City Hall will be materially improved to the advantage of all property in the vicinity.

REAL ESTATE SECTION

Ask \$2,500,000 Cut in Assessment on Woolworth Building

Broadway-Park Place Company, Owners, Get Court Order Compelling Tax Commissioners to Disclose Method of Fixing Value at \$12,500,000

VALUES of real estate in lower Broadway, the relation of assessed values to actual values and the comparative return on the investment in 'business buildings are timely questions involved in the application of the Broadway Park Place Company, owner of the Woolworth Building, for an order from Justice Marsh in the Supreme Court to compel the Commissioners of Taxes and Assessments to file in court a record of their proceedings in fixing the assessed value of this property at \$12,500,000. The action is taken by this petitioner through their attorneys, Douglas, Armitage & McCann, of 233 Broadway, to secure a reduction in the tax assessment, and follows hearings before the Board of Taxes and Assessments at which the reasons for a reduction of \$2,500,000 in the valuation fixed were stated. The Board having denied the application, the petitioner applied to Justice Marsh, who granted the order.

In the brief filed by Messrs. Douglas, Armitage & McCann it is set forth that the assessment fixed by the Board is "erroneous by reason of over-valuation; the extent of such over-valuation of said real estate with the improvement thereon in excess of the sum for which said real estate under ordinary circumstances would have sold at the time said real estate was so assessed and in excess of the market value thereof at said time is at least \$2,500,000; the extent of such over-valuation of said real estate if wholly unimproved in excess of the sum for which said property under ordinary circumstances, if wholly unimproved, would have sold at said time, and in excess of the market value thereof at said time is at least \$850,000; and the extent of such over-valuation of said improvement upon said real estate in excess of the sum for which said improvement under ordinary circumstances would have sold at said time, and in excess of the market value thereof at said time is at least \$1,650,000. The respective sums for which said real estate with the improvements thereon, the said real estate wholly unimproved, and the said improvements, would under ordinary circumstances have sold at the time said property was so assessed and the market values thereof at said time would not have exceeded the following amounts:

Real Estate with improvement.....	\$10,000,000
Real Estate wholly unimproved.....	3,000,000
Improvement	7,000,000

Upon information and belief said assessment is erroneous by reason of inequality, in that said assessment has been made at a higher proportionate valuation than the assessment of other real estate of like character in the same ward or section, and of other real estate on the tax rolls of the City of New York for the same year, to wit, 1922, in that said other real estate was assessed for not more than 100 per cent of the amount for which under ordinary circumstances it would have sold at the time it was so assessed and of the market value thereof at said time, whereas, the said real estate of your Petitioner with the improvements thereon has been assessed at not less than 125 per cent of the amount for which under ordinary circumstances it would have sold at said time, and of the market value thereof at said time and said real estate of your Petitioner if wholly unimproved, has been assessed at not less than 125 per cent of the amount for which under ordinary circumstances it would have sold at said time and of the then market value thereof.

Upon information and belief, by reason of the inequality hereinbefore complained of, your Petitioner will be subjected, and has in part been subjected to the payment of more than your Petitioner's just proportion of the aggregate taxes levied upon real estate in the City of New York, and to the payment of more than your Petitioner's just proportion of the aggregate taxes levied upon real and personal estate in the City of New York for the year 1922. Your Petitioner has been, is, and will be injured and aggrieved thereby; the extent of such inequality of assessment is at least the sum of \$2,500,000.

The said assessment of \$3,850,000.00 on the land unimproved is an increase of \$1,533,000.00 over its assessed value at the time it was

acquired in 1911, the assessed value at that time being \$2,297,000.00. This is an increase in the assessed valuation of over 67 per cent. This increase is contrary to the fact as there has been no such increase in the market value of the property unimproved, and its value at the time of the assessment above mentioned was not in excess of \$3,000,000.00 at the outside.

The assessed valuations on the property from the year 1911 are as follows:

Year	Unimproved	Improved
1911	\$2,297,000	\$2,380,000
1912	2,850,000	3,200,000
(corrected)	3,000,000
1913	2,900,000	5,500,000
1914 (original).....	3,000,000	9,000,000
(corrected)	2,800,000	8,800,000
1915	900,000	9,500,000
1916	2,900,000	9,500,000
1917	2,900,000	9,500,000
1918	2,900,000	9,500,000
1919	2,900,000	9,500,000
1920	3,000,000	10,000,000
1921	3,850,000	12,500,000
1922	3,850,000	12,500,000

The increase in the assessed valuation of the land unimproved from \$2,297,000 in 1911 to \$3,850,000 in October, 1921, is not supported by the facts. Nothing has occurred during the period to justify an increase in the valuation of more than 67%. On the contrary, it is common knowledge that there has been a steady decline, and that neither in the value of this property nor in the value or assessed valuations of surrounding properties is any support found for such an enormous increase in valuation."

The attorneys state that the building was completed in 1913 and that it is very ornate in character, which does not add to its commercial value. They recite the expenditure of large amounts of money for changes demanded by tenants, depreciation and heavy cost of repair of the ornamental parts of the building and quote a letter written by the Acting Commissioner of Internal Revenue prescribing the method of the Federal Government (followed by the State of New York) that the rate of depreciation applicable to any building, shall be determined by dividing the cost (100 per cent) by the probable number of years constituting the life of the building when subjected to normal usage in the business for which it was erected. The attorneys' brief adds that although no standard rate of depreciation has been fixed by the Federal Government, the rate varying according to the type of structure, a rate of 2 per cent is not uncommonly allowed and is the minimum ratio adopted by the ablest authorities on the subject. At the time of the assessment, the building had been in operation for more than eight and one-half years and was subject to a depreciation of at least 17 per cent, or considerably more than \$1,300,000. It is estimated that there are over 12,000 persons occupying the building daily, and upwards of 100,000 pass in and out of it. The wear and tear upon every part of the building, and especially upon the elevators, machinery and fixtures of all kinds, is tremendous.

Taking up this question of the assessed value reckoned by cubic feet, the brief continues:

A fact which goes very far to show that the improvement has been greatly overvalued by the assessment, is that the assessment shows a valuation of over 66c. per cubic foot on the building. The building contains thirteen million cubic feet and is valued at \$8,650,000 by the assessment. This rate per cubic foot is not far beyond that recognized as being correct, but it also appears obviously wrong when compared with the rate adopted by the assessors on this and other property in prior years and on surrounding property in the financial district at the time of the assessment now complained of.

The improvement was assessed for the year 1919 at \$6,600,000 or about 51c. per cubic foot. It was assessed for the year 1920 at \$7,000,000, or about 54c. per cubic foot. The present assessment at the rate of over 66c. per cubic foot therefore, represents an increase of about 28% over the assessment for the preceding year. It is clear that even without considering deduction for depreciation, no such increase is warranted, and if

valuation is taken into consideration, the amount is certainly beyond reach.

The unreasonableness of the rate becomes apparent upon comparison with the rate used in valuing other similar property in the financial section on the assessment rolls for 1922. The properties referred to include some of the newest and best structures in that section. The rates on them are less than 50c per cubic foot, showing clearly that the rate adopted for the Woolworth Building is unreasonably high. A few of these valuations are as follows:

Adams Express Building	48c per cubic foot
American Express Building	43c " " "
Empire Building	44c " " "
Trinity Building	47c " " "
U. S. Realty Building	47c " " "
City Investing Building	42c " " "

As compared with the above, the Woolworth Building is valued at over 60c, notwithstanding the fact that some of these buildings, for example, the Trinity, are considered as being the finest and best built structures of their kind in the district. In the Adams Express, American Express, Empire, Trinity, U. S. Realty and City Investing Buildings the space is utilized to a very high percentage, whereas in the Woolworth Building only about 55% of the space is available for rental purposes, a percentage which is 15% or more below normal.

Numerous other such comparisons could be made, the attorneys contended, which would demonstrate very clearly that the same unit of valuation has not been adopted with respect either to the Broadway Park Place Company land, or the Broadway Park Place Company improvement, as was used in the case of other property in the same ward or section.

Another important consideration in this discussion, is that of the income of the property which may be conservatively relied upon for a long period of years. It is readily apparent that such a property as this one would be purchased by a person or corporation only for the purpose of holding it as an investment. The amount involved is too large, and the elements of risk are too many and too serious, to justify the belief that anyone would purchase the property on the possibility of quickly disposing of it at a profit. Whoever buys it will do so only as a long-term investment. The question of the market value of the property depends very largely upon what the investor would pay for it as a long-term investment. The size of the investment would not only reduce the number of possible purchasers, but would tend to keep down the price for the reason that the purchaser would necessarily take into consideration and discount the fact that buyers of such properties are not numerous, and that he could, therefore, not readily dispose of it if he wished to do so without incurring a great loss.

The great competition that now exists for investors' monies in the form of long-term government and other bonds of the very highest character and security, paying as much as 8%, would constitute an important factor in fixing a price that could be obtained for this property. It is quite apparent that no one would be desirous of accepting the responsibility and risk involved in the purchase of such a piece of property unless he could be reasonably assured of a greater income and profit than could be obtained by investing in securities of the kind above mentioned. The income from the building would have to be computed upon not only what has been received from it in the past years, and at the time that its earning capacity was at the peak, but also upon the income to be had in the future when the building is no longer as desirable, and when it has come into competition with many other and more desirable properties.

As new structures are erected from time to time, your applicant's property will be adversely affected, not only because the supply of rental space will be increased, but also because each new building will and of necessity must contain many newer and more desirable conveniences, which will attract tenants from the older property. In order for your applicant to retain its tenants, or to keep a substantial portion of the building occupied, it will become increasingly necessary to reduce the rentals, and in time, long before the building has physically decayed, it will cease to be an important competitor with the more modern structures in the financial district.

A concrete instance of this is seen in the fact that a building situation in this locality, one of the largest and most modern office buildings in the district, was compelled to reduce its rentals from 20% to 50% before it was ten years old, because of the competition with newer buildings. Your applicant is informed by the owner of that building, and believes, that a tenant paying \$20,000 a year had his rent reduced to \$20,000; another paying \$25,000 had his reduced to \$15,000, and threatened to move unless it was further reduced to \$12,000; that the most desirable offices in the building formerly renting at from \$1,200 to \$1,300 a year were reduced to \$800 to \$1,000 a year and that other tenants throughout the building had forced reductions amounting from 20% to 50%.

Certain facts, the attorneys further declared, have combined to make the operation of petitioner's property until the present time the most profitable that may ever be expected from it. On account of the stagnation in building operations, which resulted from the war, it had no competition whatever from other new buildings.

Despite this favorable circumstance, however, the net income of the building has been surprisingly small. For the eight and one-half years ending September 30, 1921, the average annual net income has been only \$313,000. The foregoing figures show the average net income after deduction \$240,000 per year for depreciation. If no deduction were made for depreciation, the capitalized net income of the building would still show a valuation far less than the amount of the assessment. For the year ending September 30, 1921, the net income of the building, deducting only the actual cost of maintenance and taxes and making no allowance whatever for depreciation, was only \$746,000.

It is obvious, however, that the calculation cannot be based upon the income for any one year, but must be based upon the normal income for a period of years. The average net income of the property for the eight and one-half years ending September 30, 1921, making no deduction whatever for depreciation or interest, was \$553,000. Capitalization of that income on the basis of 8% would show a valuation of only \$6,912,500,

or about \$5,600,000 less than the assessed valuation. The foregoing figures reflect the best years of the property's earning capacity and the normal income to be expected throughout the life of the building must necessarily be considerably less.

Evidences are already numerous that this property will have much competition in the future, and that its income is bound to steadily decrease as the years go by. Much construction is now under way in the financial section. The new Cunard and American Bank Note Buildings, the addition to the American Surety Company Building and the Bankers Trust Company property on block 46, are bound to affect the income of your applicant's property.

For the foregoing reasons, and others, which your applicant begs leave to be permitted to set forth at a hearing on this petition, the said assessment for the year 1922 is erroneous by reason of over-valuation and inequality and is illegal for the same reasons and disproportionate, and your applicant is injured and aggrieved thereby. It therefore requests that the assessed valuation of said property for the year 1922 be fixed at not exceeding \$3,000,000 unimproved and \$10,000,000 improved, and that a hearing be granted your application at which it may submit proof in support of its contention.

The attorneys for the petitioner call attention to the assessment of the old Astor House block immediately south of the Woolworth Building, 201.2x190 feet, containing approximately 3,483 square feet. The total assessment for the four lots in this plot is \$4,440,000, or at the rate of \$118.45 per square foot contrasted with \$130.25 per square foot for the Woolworth site. Also to the block next north, consisting of 26,731 square feet, in eleven parcels, the total assessment for the land being \$2,346,500. Adding 10 per cent. for plottage gives a total of \$2,581,150, or at the rate of \$96.55 per square foot.

Among the exhibits attached to the application is a description of the property which consists of a plot of land which has a frontage of 151.7 feet on Broadway between Park Place and Barclay Street, by a depth of 197.9 feet on the Park Place side; by a depth of 192.3 feet on Barclay Street and a width in the rear of 151 feet 6 inches. The building is twenty-eight stories with a tower, a portion of which consists of twelve stories eighty feet square; another portion seven stories sixty-five feet square; another section three stories fifty feet square. There is an observation gallery on the fifty-fifth floor, and unrentable space of three stories. There are three blind stories; i.e. forty-second, forty-eighth and fifty-third, all of which are occupied by water pipes, machinery and appliances of the building.

The property was mortgaged on October 1, 1920, to The Prudential Insurance Company of America, Newark, New Jersey, for \$2,700,000, payable in five years at 6 per cent. This is the only mortgage at present on the property. No other mortgage on the property was made or renewed and none became due within the last three years. The present owner did not have any interest in or lien upon the property prior to its acquisition of the title. It has owned the same since its purchase. The land was acquired at private sale and building was constructed by the owners.

There is also a statement of the receipts and expenditures, prepared by accountants, as follows:

Gross income from rents	\$1,537,315.94
Total expenses	902,491.20
Balance	\$634,824.74
Income from other sources, including tower	120,696.50
Total net income from the year from Woolworth Bldg.	\$755,521.24
Written off bad accounts	5,000.00
	\$750,521.24
Depreciation and obsolescence	242,211.96
	\$508,310.28

The petitioner also submits a list of assessments for the years 1920 and 1922 for various other large office buildings in the City of New York of a similar kind and character:

	1920	1922	Increase, Per cent
Whitehall Building	\$6,700,000	\$8,100,000	20
Adams Express	6,800,000	8,000,000	17
Broad Exchange	5,300,000	6,000,000	13
Mutual Life	9,350,000	10,400,000	11
Equitable	26,000,000	30,000,000	15
30 Church Street	7,375,000	8,250,000	12
Singer	7,000,000	8,200,000	17
Johnson	3,300,000	3,850,000	17
Mt. Life Ins.	12,500,000	13,250,000	6
Flatiron	1,950,000	2,025,000	4
Fifth Ave. Building	6,775,000	7,685,000	13

The assessments on the above properties for 1921 are the same as those for 1922. The petitioner says it is informed most of these assessments for 1921 are in the Courts for review,

High Class Apartments for Upper West Side Are Planned

American Bond & Mortgage Company Underwrites Mortgage Bond Issue of \$1,150,000 Covering Land and Building on Manhattan Square Site

FINANCIAL arrangements covering the construction of the fifteen-story Manhattan Square Apartments, plans for which were recently filed with the Bureau of Buildings, have been concluded. The structure, which will be located on the north side of Manhattan Square at 41 to 49 West Eighty-first street, will be financed by the American Bond & Mortgage Company which has underwritten a first mortgage serial bond issue of \$1,150,000, to be secured by the land and building. This mortgage also includes a first lien on the income of the property which has been estimated by the owners to be approximately \$215,000 per year, with the usual charges deducted.

The owner is the 41-49 West Eighty-First Street Corporation, of which Joseph G. Siegel is president, and the building will be erected under a general contract by Joseph G. Siegel Inc., from plans and specifications prepared by Sugarman & Hess & H. W. Berger, architects. Work will be started immediately, and it is anticipated that the project will be completed and ready for occupancy by April 1, 1923.

The site selected for this operation and the type of structure the proposed development will be is another indication of the rapid and significant growth of the Upper West Side as a center of high-class apartment hotels. From Seventy-second street north, during the past year, there has been planned and erected a number of large structures of this type. One of these is the Prinsment Hotel at the corner of Broadway and Seventy-fourth street, which incidentally was also financed by the American Bond & Mortgage Company.

The selection of this site on Manhattan Square, overlooking the Museum of Natural History and within half a block of Central Park, will bring to these apartments an atmosphere of restfulness, which together with the excellent transit facilities nearby, should make them most desirable to tenants.

The architecture of the building will add an interesting touch to the neighborhood because of its artistic character. The design is Spanish, and the facade will be constructed of face brick with trimmings of limestone. Large courts on the east and north sides of the building will assure excellent light and ventilation to those rooms which do not face the street.

The first floor of this new apartment hotel will contain a spacious lobby and lounge, handsomely decorated and furnished, with paneled walls of quartered oak and floors of marble and tile. Entering from this lobby there will be a cafe and dining-room, with modern kitchens, pantries, etc.

The building will contain one hundred and twenty suites of three and four rooms, each with bath and throughout the apartments will be many modern labor-saving conveniences

which will add materially to the comfort of the tenants.

Joseph G. Siegel, Inc., the builder, has also just concluded arrangements for the construction of a fifteen-story hotel at the northwest corner of Broadway and Seventy-seventh street which will cost approximately \$1,600,000.

Ask \$2,500,000 Cut in Assessment of Woolworth Building

(Continued from page 40)

and adds that the applicant's assessed value has been increased greater in proportion than other buildings of the same kind and character. The applicant's increase is 25 per cent over the 1920 assessment, whereas the average of the foregoing represents an increase of approximately only 13½ per cent. The ratio of assessment on applicant's property at its true value exceeds that of all other property of the same character in the district.

Included in the exhibits is a list of assessed valuations of other downtown properties as follows:

Says Queens Boulevard Will Be Finest Avenue in World

Borough President Connolly Makes Public Plans for Improvement on Which He Hopes Construction Work Will Start This Fall

BOROUGH PRESIDENT CONNOLLY of Queens believes that Queens Boulevard is destined to be the finest avenue in the world.

"When I say this," declared President Connolly, "I do not underestimate the beauty of such boulevards as the Avenue des Champs-Élysées of Paris, the Ring Strasse of Vienna, Commonwealth Avenue of Boston, Lake Shore Drive of Chicago, the Concourse and Ocean Parkway of New York as examples of the most important boulevards and avenues in the world. Queens Boulevard, with its 200 feet in width and 7 miles in length, will far surpass any of these.

"This boulevard leads directly from the Queensboro Bridge to Jamaica and is the connecting link with the important highways leading to the central and southern portions of Long Island, that is Jericho Turnpike and Merrick Road, as well as the highways leading to the Rockaway Peninsula.

"In 1912 when the proposition of acquiring this street was under consideration it was designed to have a central roadway of 44 feet in width and two side roadways 28 feet wide, with trolley tracks located on these side roadways. Two thirty-foot malls were provided adjacent to the side roadways, and sidewalks were designed 20 feet wide. At that time this roadway treatment was thought to be ample for the accommodation of traffic. Traffic conditions, however, since then have increased to such an extent that it became necessary to make radical changes in these plans.

"After much observation it became evident that the rapidly increasing vehicular traffic would necessitate a change in the original treatment so as to make provision for the maximum amount of traffic, and at the same time provide for the safety of this traffic and safeguard pedestrians crossing this boulevard.

"Approximately 110 streets are designed to intersect this boulevard, and this cross-traffic must be protected in every way, as well as the pedestrians alighting from the trolley lines on the boulevard."

President Connolly said that the borough engineers and traffic experts had gone into the questions involved in running this great boulevard through the borough. It was contended by some that

a central roadway, seventy feet or more in width, would take care of a maximum amount of traffic. This conclusion was reached through the knowledge that probably 70 per cent. of the traffic would be moving through certain hours in one direction, and the reverse would be true at other hours of the day. This will occur quite regularly on this boulevard when one considers that the large race tracks, tennis courts, polo fields, etc., on Long Island can be reached only by means of this boulevard.

"Through the major portion of the avenue—a distance of over five miles—there will be two thirty-four foot roadways designed to be one way through avenues with a six-foot division strip running between these roadways," said President Connolly in explaining what were the plans for the new boulevard. "On each side of these roadways is an eighteen-foot mall with a trolley line placed upon it and with a considerable allowance for planting trees, shrubs, etc. In connection with this mall or trolley and grass plot, the matter has been discussed with experts in the Park Department, and a determination of the width made so as to provide a sufficient amount of water-bearing soil that is necessary for cultivation of trees and shrubs. These spaces also will permit the trolley-car passengers to enter and leave the cars safely. These spaces also will enable passengers after alighting from a car to safely make a crossing in either direction.

"The service roadways have been given a twenty-five foot width, which it is believed will be adequate for the slower moving vehicles and any other traffic serving the abutting property.

"Adjacent to this service roadway a twenty foot sidewalk and planting space has been provided. This sidewalk space is believed to be adequate for practically all time to come and is ample for pedestrians. At the same time it gives an opportunity to improve esthetically this street by the cultivation of trees and shrubs along this walk."

President Connolly said that he hoped that actual construction of the boulevard would be commenced this Fall. He estimated the cost of the land and buildings acquired for the widening of the highway at \$4,250,000. The grading, surfacing, etc., for the completion of this project will cost between \$2,500,000 and \$3,000,000.

Realty Board Will Assist Brokers in Obtaining Licenses

REAL estate brokers throughout the City and State are beginning to realize the necessity, in view of the passage of Chapter 672 of the Laws of 1922, of securing the license to carry on their business in this State. Real estate salesmen must also be licensed.

The Real Estate Board of New York has supplied its members with the necessary blanks and a letter of instruction.

The Real Estate Board has secured from the State Tax Department all the necessary blanks in quantity and will furnish them to all who wish to make application for the necessary licenses, if they will apply in person or by messenger at the offices of the Board, 7 Dey Street. The law requires that licenses must be obtained by October 1 of this year. The provision of the law as to this requirement is as follows:

"On and after the first day of October, nineteen hundred and twenty-two, no person copartnership or corporation shall engage in or follow the business or occupation of, or hold himself or itself out or act temporarily or otherwise as a real estate broker or real estate salesman in a city or in a county

adjoining a city having a population of one million or more, without first procuring a license therefor as provided in this section."

The law defines brokers and salesmen as follows:

"'Real Estate Broker' means any person, firm or corporation, who, for another and for a fee, commission or other valuable consideration, sells, exchanges, buys or rents, or offers or attempts to negotiate a sale, exchange, purchase or rental of an estate or interest in real estate, or collects or offers or attempts to collect rent for the use of real estate, or negotiates, or offers or attempts to negotiate, a loan secured or to be secured by a mortgage or other incumbrance upon or transfer of real estate.

"'Real Estate Salesman' means a person employed by a licensed real estate broker to sell or offer for sale, to buy or offer or to negotiate the purchase or sale or exchange of real estate, or to negotiate a loan on real estate, or to lease or rent or offer to lease, rent or place for rent any real estate, for or in behalf of such real estate broker."

Fire Losses in Two Years Aggregate \$1,000,000,000

THE labor of 1,000 men for 267 years is estimated as what would be necessary to earn two years' fire losses, by W. E. Mallalieu, president of the National Fire Protection Association, in a recent address at a convention of the society at Atlantic City. The figures are based on a loss in two years of \$1,000,000,000 and wages \$1.50 per hour and 48-hour week.

"We have been working under an agreement with the Building Trades Employers' Association," said Mr. Dioguardi, "and we expect that this agreement will continue to be operative. There are some independent contractors and builders who have been paying below the union wage scales, but the union will now proceed to enforce the \$7 per day scale on these jobs."

Review of Real Estate Market for the Current Week

Vacant Plot Buying in Bronx Renewed, While Big Leases Throughout City Prevailed Along with Strong Buying in Good Sections

IN spite of constant inclement weather the latter part of last week and the early half of this week, along with an admixture of a holiday spell of more than three days, there was enough business done in the real estate market during the period to make a fair total. A renewed buying movement of vacant land, for improvement, in the Bronx, appears to be under way. Numerous plots were sold for improvement with apartment houses, while a square block also changed hands for the same purpose. A good sized plot in the Bronx, adjacent to the yards of the New York, New Haven & Hartford Railroad, was acquired.

Large leases are focussing attention on the market just now. A few days ago a 21-year leasehold on the block bounded by Madison and Vanderbilt avenues, 45th and 46th streets, was closed, the aggregate value of which is \$10,000,000, while the cost of the hotel improvement and furnishings will be \$8,000,000 more. The proprietor of the Hotel Collingwood leased three adjoining buildings from the owner, for a term of 21 years. A prominent restaurateur has taken large space in the Hotel Claridge, where he will establish a fine restaurant. The building of new hotels and the enlargement of old ones in this city shows the steady accretions

to the floating population that come here from all over the world. The circumstance is the marvel of the hotel business of America.

Other large leases of the week were a parcel on West 50th street, near Fifth avenue; two buildings on Madison avenue and two large Madison avenue corners, all to be altered for special mercantile uses. A 4-story building adjacent to the Queensboro Bridge Plaza was leased for a long term.

In the sales market some good-sized apartment houses were bought and a large vacant plot on Washington Heights found a buyer. The notable apartment transaction was the sale of the 13-story apartment house on the northeast corner of West End avenue and 103d street, for about \$1,500,000. A parcel in Chinatown was bought by Chinese merchants, for business purposes. Lexington avenue continued to be a theatre of buying for reimprovement and remodeling of properties. Max Natanson continues to resell some of the parcels that he recently bought, on Tenth avenue, from the William Waldorf Astor estate. The Manufacturers Trust Company, which controls large holdings at the northwest corner of Eighth avenue and 34th street, added a parcel to its group of buildings there. Other interesting deals are pending throughout the city.

PRIVATE REALTY SALES.

THE total number of sales reported, but not recorded in Manhattan this week, was 90, as against 63 last week and 81 a year ago.

The number of sales south of 59th st was 28, as compared with 30 last week and 28 a year ago.

The number of sales north of 59th st was 62, as compared with 33 last week and 53 a year ago.

From the Bronx 25 sales at private contract were reported, as against 42 last week and 21 a year ago.

Statistical tables, including the number of recorded instruments, will be found on page 50.

Large Corner Apartments Sold

The 13-story elevator apartment house, 884 West End av, northeast corner of 103d st, on a plot 100x100, has been sold to the 661 Fifth Avenue Corporation, Henry Reinhardt president, by the 884 West End Avenue Corporation, Joseph Paterno president. The property was held for \$1,500,000 and is tax exempt. It contains 52 suites and has a rent roll of \$200,000 and long term leases. The purchase was made through Day & Day, Inc., Maurice Renard and Earle & Calhoun.

Gotham Changes Hands

The Gotham, a 7-story and basement elevator apartment house, on plot 40x100.5, at 240-242 West 49th st, has been purchased by Oscar B. Pipes, represented by J. Douglas Wetmore, attorney, from the Hortense Calvet Realty Co., Inc., which valued the property at \$180,000. The house contains 21 apartments and yields an aggregate yearly rental of \$55,000. It is leased to one tenant for \$18,000 per year net. Mr. Pipes, who is an investor, has formed the 242 West 49th Street Realty Co. for the purpose of acquiring title to the property, which lies between Broadway and Eighth av. The broker was Nicholas Celia.

Tenants Buy on Park Row

Charles S. Manos and Nickitas P. Economu sold to Moy Poy Moy You Rai and Moi S. Tighe the 5-story brick building with stores at 229 and 231 Park Row at the junction with New Bowery. The purchasers now conduct a live poultry business in the premises, which were held at \$95,000. William S. Katzenstein, attorney, represented the sellers. The plot is triangular, fronting 50.3 feet in Park Row and 58.9 feet in New Bowery, with a rear line of 43.24.

Add to Dyckman Taxpayer Plot

Irving & Chester D. Judis increased their holdings in the Dyckman section by the purchase from the Elkhorn Land Co. of the plot 100x150, on the west side of Dyckman st, 100 feet south of Sherman av. It will be improved with a taxpayer containing 10 stores. George Ranger was the broker.

Free Synagogue Buys Parcel

Joseph M. Levine, chairman of the building committee of the Free Synagogue, of which Dr. Stephen S. Wise is the rabbi, purchased from Catherine Lennon, Elizabeth Mulligan and

Ellen G. Cahalan the 4-story and basement brick dwelling, 46 West 68th st, adjoining the property owned by the Free Synagogue at 32 to 44 West 68th st, to be used in connection with the erection of the new Free Synagogue House, which is being built to house all of the activities of the Free Synagogue, except the Sunday service, and to include the new Jewish Institute of Religion planned by S. B. Eisendrath and Bloch & Hess, architects. The synagogue now controls a total site 155.4x100.5, including its present quarters.

Bank Adds to Holdings

Another addition to its holdings at Eighth av, 34th and 35th sts, has been made by the Manufacturers' Trust Co., which has purchased from Katherine Gleason the 4-story building with stores, 18.6x62, at 493 Eighth av. Last May the bank acquired the southwest corner of 35th st, in addition to the adjoining parcel at 495 Eighth av. In 1919 it bought the West Side Bank and later the Thirty-fourth Street Reformed Church property, together with the abutting parcels at 312 to 320 and 306 to 310 West 35th st.

Take Title to Dreicer Parcels

Title was taken by the Empire Mortgage Co. through William A. White & Sons, to the two 6-story business buildings at the southwest corner of Fifth av and 53d st, recently reported sold by the Dreicer Realty Co. They occupy a site 50.3x100 and were conveyed subject to a mortgage for \$600,000. The Rockefeller own several properties in the immediate vicinity surrounding their homes on 34th st.

Large Heights Corner Sold

Frederick Ambrose Clark sold to Thomas Ward the southwest corner of Broadway and 177th st, with frontages of 90 feet on Broadway and 100 feet on 177th st. The property was inherited by Mr. Clark from his mother, who acquired it in 1901, together with the block bounded by 175th to 177th st, Broadway and Fort Washington av. This is the first parcel released. Mr. Ward, who is a large holder of Washington Heights property, intends to improve the corner as soon as plans have been completed.

Estate Sells Erie Hotel

Robert R. Rainey, Inc., sold for George Wellwood Murray, executor of the estate of Mary R. Callender, the Erie Hotel, on the easterly block front of West st, from Chambers to Reade st, covering a plot 31.5x10.5x46.7x37.11.

Horton Sells Sixth Avenue Corner

Slawson & Hobbs sold for the J. M. Horton Ice Cream Co. to Samuel Brenner 918 Sixth av, southeast corner of 52d st, a 4-story stone and brick apartment house with store, on a lot 22.11x81.4, which had been in the possession of the sellers for 30 years. It was held at \$80,000. Leases on the property expire in 18 months.

Large Building Transferred

Transfer has been made by the Robertson & Cole Realty Corporation of the new 12-story home of the Robertson-Cole Co. at the northeast corner of Seventh av and 48th st, to the Zara Realty Corporation. It is understood

that the interests of both concerns are practically the same. The structure was finished last year and the Robertson-Cole Co. occupies several floors in the building. It stands on a site 50.4x66.8. The Realty Associates Investment Corporation made a loan of \$550,000 on the building.

Upper West Side House Sold

A. H. Levy sold for the 160 West Street Corporation (N. S. Meyer and Henry Weaver) the 9-story and basement fireproof apartment house at 152-160 87th st, on a plot 82.3x100.8½. The new owner is H. Greenberg. The house contains 36 suites, returning an annual rental of approximately \$75,000.

Tenant Buys West Side Holdings

The French Princesse de Poix disposes of a large holding on the lower West Side. The property involved is the group of 1, 4 and 5-story buildings and vacant land at 637 to 649 West 29th st and the abutting property at 636 to 648 West 30th st, between Eleventh and Thirtieth avs. It comprises 14 lots with a frontage of 175 feet on each street, extending 197.6 feet through the block. The new owner is the John T. Stanley Co., soap manufacturers, who have been the tenants on the property for a number of years. The land is opposite the Erie Railroad freight yards.

Sell Apartment House Group

Brown, Wheelock Co., Inc., sold for the Century Holding Co., James T. Lee, president, the group of apartment houses at the southwest corner of Amsterdam av and 86th st and comprising the entire block front between Amsterdam av and the Hotel Breton Hall, at the corner of Broadway, three 6 and one 7-story elevator apartment houses, on plot 100x250.

The property was held at \$1,000,000. The purchaser will alter the ground floor of the 7-story, 100x100, apartment house at the immediate corner of Amsterdam av and 86th st into small stores.

Zubow Buys Another Corner

Joseph Zubow, who has just completed a mammoth apartment house with stores at the northeast corner of Broadway and 74th st, has purchased the northwest corner of Broadway and 77th st from the Schaeffer estate, which owns a number of Pennsylvania mines. Mr. Zubow will erect another 14-story apartment hotel on the site. The plot at present is covered by five 5-story flats, 100x100. J. Romaine Brown Co. was the broker.

Sale Echoes Stage Days

Mandel-Ehrich Corporation purchased from the Shepard estate the garage property on East 88th st, 82.22x feet west of Park av, running through to 89th st, which the late Elliot F. Shepard acquired March 16, 1889. This is the first change of ownership since Mr. Shepard acquired the property as vacant land and afterwards built a stable on the property, which was occupied by the Fifth Avenue Coach Co. for many years, until their equipment was changed to motor conveyances, at which time they built their own service station on less expensive property.

The stable, which was then 4 stories in height, was reduced to 1-story and altered for garage purposes. It is now intended to recon-

struct the 3 stories and use the entire premises for garage purposes. However, since the upper 3 floors were removed the zoning law has been enacted and it will be necessary to obtain the permission of the Board of Standards and Appeals to reconstruct the upper portion of the building. The engineers are now preparing drawings for the garage and application will be made to the Board of Standards and Appeals for permission as soon as the plans are completed. The property was purchased through Harris, Vought & Co., Inc., as brokers.

Sale of Cooperative Apartment

Culver & Co. sold for the Joint Ownership Construction Co., Inc., Frederic Culver, president, a large apartment in their new 100 per cent. joint ownership building to be erected at 943 Lexington av. to Miss Frances T. Stockwell, of East Hampton, L. I.

Buyers Site For Sanitarium

Felix Isman, Inc., sold for the West End Sea Shore Bungalows, Inc., the vacant plot, 50x100, on Central Park West, 25.11 feet north of 97th st., on which the purchaser will erect a fireproof sanitarium. This site is particularly adapted for such a purpose.

Dey Street Parcel Sold

The 5-sty stone building, with stores, at 52 Dey st. on lot 25x75, has been sold by the Delfred Realty Corporation, representing Liebowitz Bros., who conduct a restaurant on the property. The new owner is John J. Leakey, Inc., dealers in electrical supplies, who occupy a store at 50 Dey st. adjoining.

Profits Taken on Bronx Lots

Good profits have been taken by several buyers at the recent auction sale of the 530 Mace estate lots in East Bronx. Charles E. Simmons, a client of Jacob and Emil Lettner, paid \$6,000 for a 100-foot corner at Allerton and Wallace avs and resold it for \$10,000. Logan Billingsley, who purchased 105 lots for the account of the Billingsley Realty Co., made nine resales involving 27 of the lots on Cruger and Wallace avs to William Fiser, Achille B. Stefano, Louis Arrs, James Bruckner, Frank Biondi, S. S. Smith and W. L. Wolf, all of whom will improve their purchases.

D. Perlman, another prominent buyer, resold a plot at the corner of Matthew and Arnold avs for a taxpayer development.

Bronx Block For Improvement

The Broadway Savings Institution sold to the Schneider Holding Corporation, Frederick Schneider, president, the block bounded by the east side of Mott av, from 156th st north to a new street and Sheridan av. It overlooks Franz

Sigel Park. The frontage on Mott av is 250 feet and on the other thoroughfare 210 feet each.

The new owner will improve the Mott av front with two 6-sty walkup apartment houses, with automobile show rooms in the ground floors, while the Sheridan av front will be improved with a 2-sty fireproof garage to accommodate 500 cars. Work will be commenced at once on the laying of foundations and the physical improvement of the streets where necessary. The tract is south of the large Fleischman Building. George E. Cohn and Richard Kelly represented the bank and Donnelly & Kadel were attorneys for the buyer.

Natanson Makes Good Resale

Max N. Natanson resold 225-226 Central Park West, two 6-sty elevator apartment houses, each on plot 41.8x100, between 82d and 83d sts. There are two 7-room apartments and bath on each floor in each house, and the annual rents are in excess of \$40,000.

These houses were taken by Mr. Natanson in part payment for the Arena Building, 38-40 West 32d st, extending through to 39-41 West 31st st, the sale of which was reported recently.

The houses were held at \$250,000, and were sold to an investor for cash.

Investor Buys Abutting Plots

Acker, Merrill & Condit Co. sold to Theodore C. Demarest the vacant plot, 225x100, on the north side of 138th st, 344 feet east of Southern Boulevard. The same purchaser also bought from the United States Realty and Improvement Co. the plot, 100x100, on the south side of 139th st, 353 feet east of Southern Boulevard and in rear of above plot. The purchaser will use the property as a lumber yard and mill. J. Clarence Davies was the broker in both sales.

Stone Dealers Buy Plot

The Port Morris Land & Improvement Co. sold to McConnell & Co., Inc., stone contractors, 7 lots on the north side of 134th st, extending to 135th st, adjoining on the west the line of the N. Y., N. H. & H. R. R. The buyers will occupy the property.

General Electric Buys Plant

The General Electric Company has taken up the option it has had for two years and purchased the Remington Arms Co. plant at Bridgeport, Conn. The price is said to have been in excess of \$3,300,000. The General Electric leased the plant from the Bridgeport Liquidation Co. with an option to purchase. The building was empty when acquired under the lease. The General Electric installed machinery and has been manufacturing electrical products there. C. E. Patterson, vice-president of the General Electric Co., said there was no intention and never had been of the company going into the manufacture of small arms.

E. H. Hess Opens Office

Edwin H. Hess has opened offices in the building of the Fifth avenue branch of the National City Bank where he has established a new firm under his own name to conduct a specialized real estate business, concentrating on the management of high class business property. Mr. Hess starts his own concern after having been in the firm of M. & L. Hess for more than 32 years, during which he was vice-president for a long period.

Land Company in Liquidation

The Port Morris Land & Improvement Co. is being liquidated by its agents, Cross & Bown Co., and has recently disposed of lots, for development, aggregating over \$225,000, including the waterfront property recently improved and occupied by Burns Bros. The company will dispose of its remaining 118 lots and wind up its affairs. It has been active since 1868 in developing the Port Morris section of the Bronx.

MORTGAGE LOANS

Financing of a \$1,150,000 issue of first mortgage serial bonds for the erection of the Manhattan Square Apartments, a 15-sty structure, on the north side of Manhattan square, at 41 to 49 West 81st st, by the American Bond and Mortgage Co. has been completed. The issue will be secured by the building and its site. The mortgage includes a first lien on the income of the property estimated by its owners, after usual charges, at \$218,000 a year.

The borrowing corporation is the 41-49 West 81st Street Corporation. Joseph G. Siegel, president. The building will be erected by Joseph G. Siegel, Inc., from plans of Sugarman & Hess and H. F. Berger. It will be Spanish in style with a facade of pressed brick and cut stone. The plot has a frontage of 125 feet and a depth of 102.2 feet, but only part of it will be used for the building, the balance to be left for light and air. Part of the building will be arranged for the use of physicians and dentists. The construction will be started at once and is expected to be finished in 9 months.

A building loan of \$125,000 has been obtained by the Hissal Building Corporation from the

City Mortgage Co. on the plot, 95x100, at the northwest corner of Mount Eden and Topping avs, Bronx, for the erection of a 5-sty apartment house.

The S. S. & B. Building Corporation obtained from the M. E. F. Corporation a building loan of \$160,000 on the southeast corner of Southern Boulevard and Tiffany st, Bronx, a plot 100x125, for the erection of a 5-sty apartment house.

The Robert Hoe Estate Co. and the Broadway and 37th Street Corporation obtained from the Greenwich Savings Bank a loan of \$500,000 on the 16-sty building being erected on the plot, 97.2x105.9x irregular, at the southeast corner of Broadway and 37th st.

Title Guarantee & Trust Co. loaned to the Foxwood Construction Co. \$140,000 on the plot, 100x100, at the southwest corner of Fox st and Longwood av, for the building of a 6-sty brick apartment house with stores, for a term of 5 years, at the rate of 6 per cent per annum.

Lawrence, Blake & Jewell and E. H. Ludlow & Co. placed for the Merkra Realty Corporation, David Kramer, president, two building and permanent first mortgages on the east side of Thirteenth av, between 51st and 52d sts, Brooklyn, for the erection of two 4-sty apartment houses, each on a plot 100x100, totaling \$170,000.

A mortgage loan of \$900,000 has been placed on the 12-sty department store building which is being erected for Ludwig Baumann on the east side of Eighth av, between 35th and 36th sts. The loan was advanced by the Title Guarantee and Trust Co. through William A. White & Sons. It is for 5 years at 6 per cent. The property fronts 172.8 feet on Eighth av, 94 feet on 35th st and 24 feet on 36th st.

Childs & Humphries negotiated a mortgage of \$80,000 at 5 1/2 per cent per annum, on the northwest corner of Amsterdam av and 124th st, a 6-sty apartment house, 100.11x50, for the G. & E. Realty Co.

A building loan of \$275,000 has been obtained by the 49 to 53 West 45th Street Realty Corporation from the Metropolitan Life Insurance Co., on plot 56.3x100.5, at that address, for improvement with an office building.

The Impulse To Serve

TO reach the position of "second to none in financial stability" in the world's money center is no small achievement, and this conservative Trust Company is proud of its record of progress.

Prouder still of that close personal relationship which has grown up between this Trust Company and its depositors, and which accounts, in great part, for its growth.

That relationship is based on *The Impulse To Serve*, and is the secret of banking success.

Wants and Offers, For Sale and For Rent—Rate 25c. per line; count six words to the line.

Employers anxious to secure help (clerical or professional), or employees wishing to obtain a position or better a present one will find the Record and Guide the quickest and most direct method of bringing their wants to the attention of the largest number of interested readers, in the real estate or building professions.

No medium reaching real estate interests affords owners, brokers, and executors wishing to dispose of desirable property (in or out of the city), so favorable an opportunity to bring the merits of their propositions to the attention of possible buyers as does the For Sale and For Rent section of the Record and Guide.

PROPOSAL

NOTICE TO CONTRACTORS: Sealed proposals for Alterations and Repairs, etc. (Painting Work) to Office Buildings, Department of Labor, New York City, will be received by Hon. Henry D. RECENT LEASES.

Big Leases On and Near Fifth Ave.

S. M. Hirsch & Co. leased 30,000 square feet in the buildings 303 Fifth av and 6-10 East 32d st, running through to 3-5-7-9 East 31st st, to Sherr Bros., a large waist and dress house. This marks the wiping out of what is possibly the last trace of the old women's ready-to-wear trade in the downtown section of Broadway. Sherr Bros. have been a part of the district for the past 19 years, clinging to it while practically the entire field were upturn. The 32d st lot is occupied by the Specialty Stores Association, Inc.

The same brokers leased to the Specialty Stores Association, Inc., a lot containing 12,000 square feet in 29-35 West 32d st, running through to 30-2 West 33d st.

The leases are for a long term of years, with an aggregate rental of \$300,000.

Plaza Realty Co., in conjunction with Huberth & Huberth, leased, for a long term of years, the 5-sty building, 20x85, at 45 East 57th st. It will be extensively altered and occupied by Stair & Andrew, Inc., of London, dealer in antiques.

Charles G. Keller leased for Clara P. Trunk to Ray Rosenbaum, proprietress of the Russian Inn, the entire building 33 West 37th st, for 21 years, at a gross rental of about \$140,000. Anton L. Trunk represented the owner.

Edward Margolies, who has converted many Astor and other dwelling properties in the vicinity of B. Altman & Co.'s store, has augmented his holdings in that section by the acquisition of 18 and 20 East 33d st, on which he plans to erect an 8 or 10-sty business structure. No. 18 he recently bought from the Peter Cooper Hewitt estate. The adjoining parcel No. 20 he has leased, with an option of purchase within 10 years at \$120,000, from Erastus D. Roberts, who owned it for half a century.

The lease is for a period of 4 years and carries the privilege of two 21-year renewals. The rental is about \$8,000 per year. The combined site measures 50x98.9.

Spear & Co. leased for a client 5 floors and the pent house, containing 28,000 square feet, at 43-45 West 15th st, to Edmondson, Warrin & Co., china decorators, for a term of years, at an aggregate rental of \$130,000. The Warrin Co., who are now at 49 Wooster st, are making their first move in 35 years. The same brokers leased the 4th floor at 43-45 West 13th st, to The Tea Rose, Inc., manufacturers of food products; the 9th floor, at 32-34 West 20th st, to Wear M Coat and Dress Co.; the 8th floor at 30-32 West 24th st, to Max Sicherman, manufacturer of infants' coats; the 8th floor, at 148-150 West 29th st, to Louis Silber, coats and suits; the 3d floor, at 29 West 17th st, to S. & M. Blumenstein, dresses.

The Textile Building, Inc., Samuel Levy, president, leased the sixth floor of the premises, Fifth av, 30th to 31st st, to D. G. Dery & Co., one of the leading houses in the silk industry, who have taken a lease for a long term and who will occupy their new quarters on or about October 1 next. They are now located at 381 Fourth av. Roy Scherick was the broker.

The Mirror added another store to its chain of retail establishments by acquiring the entire 6-sty building, 574 Fifth av, from Rudolph M. Haan for a term of approximately 25 years. The Fenimore C. Goode Co. negotiated the lease and has been appointed renting and managing agent of the property. It adjoins the southwest corner of 47th st. The store and basement are now occupied by the jewelry firm of Udall & Ballou, under a lease which does not expire until 1926. Possession of the property will not be had until that time, as the leases above the ground floor do not expire until 1926.

Butler & Baldwin, Inc., leased, for a term of years, for the Nye Holding Corporation, the entire store floor at 51 West 47th st, to Irene

Seth H. Moseley, proprietor of the Hotel Collingwood on West 35th st., has leased from Adam Engel 138-140 West 17th st. and 5-story buildings with stores at 51-61 West 35th st., adjoining the hotel, for a term of 21 years. The combined properties form a plot measuring 113x98.9.

Lease Near Bridge Plaza

Tankos, Smith & Co. leased for John P. Quinn to Leopold Stein and William Shapiro, for a term of years, the 4-story stone building, 244 East 59th st., adjoining the southwest corner of Second av. and diagonally opposite the approach to the Queensboro Bridge. This property was recently purchased by the landlord through Tankos, Smith & Co.

Long Leases on Madison Avenue

Charles L. Smith, of Pasadena, Cal., leased the 5-story buildings, 692-696 Madison av., adjoining the northwest corner of 62d st., for a term of 42 years, to Frederick T. Barry for a net annual rental of \$15,000.

The 5-story Tuxedo Building, at the northeast corner of Madison av. and 49th st., 100x30, has been leased by the Schulte Realty Co. for 42 years at an aggregate rental of \$2,500,000 from Leo Schlesinger. It will be extensively altered on expiration of present leases. Harris, Vought & Co. were the brokers.

Close to \$3,500,000 in rentals will be paid for the Withington apartments at 644-650 Madison av., southwest corner of 60th st., which have been leased by Joseph L. Myers, as executor, to Henry Lenygton for a term of 21 years, with the privilege of two similar renewals.

The annual rental to be paid during the first 21 year period will be \$55,500. The renewal rental is to be determined on the basis of 5 1/2 per cent of a reappraisal of the property, the yearly figure not to be less than that paid during the first term. The parcel is improved with four 5-story stone flats with stores, on a plot 100.5x108.

Rental of Broadway Block

The Famous Players-Lasky Corporation, whose 21-year lease of the Putnam Building, occupying the block front on the west side of Broadway, between 43d and 44th sts., was announced some time ago, will pay an annual net rental of \$600,000 for the property. The site, which was leased from the 1493 Broadway Corporation, is improved with a 6-story building, with stores, and measures 200.10x207. Properties in the rear of the Putnam Building are also included in the lease.

Lease Close to Fifth Avenue

The Brett & Goode Co. leased the store and basement in 7 West 42d st., to The Bootery, Inc., also floor containing 12,500 square feet in 645 Eleventh av., northwest corner of 47th st., to the Reliance System, New York.

Bank Leases Park Avenue Corner

For a branch of the Pacific Bank, the ground floor of the former Arion club, now the Anderson Galleries, at the southeast corner of Park av. and 59th st., has been leased for a term of 17 years.

Silk Firm Renews Lease

Samuel Eiseman & Co., silk merchants, renewed their lease on store, basement and 2d floor in 114 to 120 East 23d st. through to 115 East 22d st. for a term of 5 years at a total rental of \$300,000. M. & L. Hess were the brokers.

Restaurant Leases Space in Claridge

The Cadillac Restaurant leased the southerly store in the Claridge Hotel, southeast corner of Broadway and 44th st. from Morris M. Glaser, who recently took over the hotel from L. M. Boomer and the Du Pont interests. This gives the restaurant a total space of 60x100 in the street floor of the structure. The lease is for a term of 21 years and calls for an aggregate rental of \$500,000. The alterations will involve about \$100,000. The lease stipulates that there shall be no other restaurant or lunch room on the store floor or in the basement of the hotel. Joseph G. Abramson represented the lessees.

Store Near Times Square Leased

Tyson & Co., now located at 1472 Broadway, leased through Cross & Brown Co. the store formerly occupied by E. F. Leland & Co. on the 42d st side of the Knickerbocker Building at Broadway and 42d st. The store will be occupied by Tyson & Co., Inc., as its main office from August 1, 1922.

Bronx Picture House Leased

S. Alexander Shear leased for the Bear Realty Co. at Teller av and East 167th st. the former Paradise Motion Picture House, which is to be altered so as to contain a bowling and billiard parlor, a banquet hall, meeting rooms, etc. The lease is for a term of 10 years, at an aggregate rental of \$50,000.

Leases Bronx Laundry on Plans

The Candor Construction Corporation, Amer A. Carucci, president, purchased the vacant plot, 60x100, on the west side of Intervale av, 102 feet south of 165th st, upon which it will erect a 2-story building. The operation will involve about \$75,000. The property is being leased from plans to a laundry company for 21 years at an aggregate rental of \$225,000. Anton LeMein was the broker.

Some Good Corner Leases

Roy Scherick leased for Max N. Natanson, in the Ashland building, southeast corner of Fourth av and 24th st, the 7th floor to Jacob Adler & Co., gloves, for a long term of years, at a rental aggregating \$90,000; and in conjunction with Carstein & Linnekin, large space in the Burton Bros.' building, northeast corner of Fifth av and 29th st, to the Colonial Knitting Mills, hosiery manufacturers, of Philadelphia, Pa.

Chain Firm Adds a Store

Nail & Parker, Inc., leased for the R. Holding Co. the entire Seventh av frontage, com-

prising 50 feet front by 40 feet in depth, in the new building to be erected at 135th st and Seventh av, to A. I. Hart & Co., Inc., who conduct a number of 5, 10 and 25 cent store enterprises in the neighborhood, for a term of 5 years, at a gross rental of \$56,400, with an option for renewal for another period of 5 years.

Large Loft Space Leased

Noxall Waist Co. leased through H. J. Friedman & Co. from the owner 10,000 square feet of space in 153-159 Madison av, northeast corner of 32d st, for a term of years, at an aggregate rental of \$50,000.

Leases Broadway Corner

Wood, Dolson Co., Inc., leased to Mlle. Adele the corner store in the Hotel Prinsament, now in course of construction at the corner of Broadway and 74th st, for a term of years, at an aggregate rental of \$55,000.

Hudson Motors Leases Corner

Richard H. Scobie leased to the Hudson Motor Car Co., a large showroom at the northeast corner of 184th st and Grand Boulevard and Concourse, and extending through to Rye av, for the Kingsbridge Improvement Co., Samuel Minskoff, president, who is improving the corner with a 2-story business building.

The lease is for a term of 10 years, at an aggregate rental of about \$125,000.

Leasehold in New Hands

Arnold Realty Co., Inc., sold the leasehold of 120 West 20th st, a 7-story building, 25x100, to the Goldwin Investing Co., Inc., and has taken in exchange a plot 100x200, on 177th st, through from Gleason av to Powell av, Bronx. Louis Gold & I. Miller were the brokers.

Hatters Enlarge Their Store

Owing to expansion of business, the Kaufman Hat Stores leased from the Clare Millinery Shop the store adjoining their present store at 1524 Third av, for a term of years. Henry Shapiro & Co. were the brokers.

Real Estate Firm Leases Site

As a site for a building of its own the real estate firm of Wood, Dolson Co., Inc., leased from the Rutgers Presbyterian Church the plot, 18x164.2, on the west side of Broadway, between 72d and 75d sts, located between the church and the Hotel St. Andrew. The lessees will pay about \$12,500 a year for a term of 21 years. The architecture of the new structure will conform with the church building.

Brooklyn Corners Leased

Harold E. Wittemann, builder, leased from J. J. Fox for a long term of years, the southwest corner of Court and Pacific sts and 144-152 Court st, at an aggregate rental of \$283,000. Mr. Wittemann intends to improve the premises as soon as the present lease expires.

The property at the southeast corner of Court and Schermerhorn sts, Brooklyn, owned by the Nora A. Hagerty estate and held by a long lease by the Pondera Decorating Co., has been taken over on lease by the Channin Construction Co., which will erect a 4-story office building on a plot 81x100. A moving picture theatre was to have been erected at a cost of \$250,000 but an injunction against the project was secured by the German Evangelical Lutheran Church on Schermerhorn st.

W. H. Wiedeman, builder, leased for 21 years at a total rental of \$420,000 the corner of DeKalb av and Flatbush av extension from William H. English, president of the Montauk Club. William M. Greve, of the Realty Associates, represented Mr. English.

It is understood that a large building will be erected on the site. The lease specifies that at the end of its term it may be renewed on a new adjudication of property values.

Broadway Store Leased On Plans

D. Kempner & Son, Inc., leased for Golding Bros. a store in their new building in course of construction on the northeast corner of 90th st and Broadway to Meyer Tanewitz, for a term of 10 years, at an aggregate rental of close to \$50,000. This is the highest rental paid on the east side of Broadway in this section, the price per front foot being in excess of \$50.

Overlooking Battery Park

Childs & Humphries leased for a term of years for the No. 8 State Street Realty Corporation the 5-story and basement building 8 State st, and for the Battery Park Land Corporation the 5-story and basement building, 9 State st, to the Broad Street Hospital. The buildings adjoin and front on Battery Park. They will be altered and used as a nurses' home.

Club Leases Bronx Quarters

Edwards, Downey & Richart leased the second floor in the new 2-story business building to be erected by the F. A. V. Construction Co. on the east side Southern Boulevard, 175 feet south of Home st, on a plot 50x100, to the Pocono Democratic Club for a term of 5 years.

BUILDING SECTION

Points Out Danger of Shoddy Building Construction

Public Should Be Educated Up to Requiring Use of Best Materials, Says Lyman Clark at Convention of United States Chamber of Commerce

AT the recent Convention of the United States Chamber of Commerce, Lyman Clark, of the General Electric Company, delivered an interesting address on "The Danger of Shoddy Construction." This address was full of useful information to every one interested in honest construction as the facts presented were based on sound building economics.

"As there can be many interpretations given to the subject of 'Dangers of Shoddy Construction,'" said Mr. Clark, "it may be best to paraphrase by stating that 'Dangers' refers to economics; 'Shoddy' refers to waste due to material or personnel and 'Construction' refers to building structures either commercial, industrial or residential.

"Building construction in the United States involves the expenditure annually of an amount probably equal to three billion dollars. The very smallest economic effect upon this expenditure naturally involves a large sum of money and we may well afford considerable expense in devising methods for its economic use. If our annual outlay for building construction can be affected by only such a small amount as 1 per cent for good or for evil, or 1 per cent positive value and 1 per cent negative value, we have the possibility of creating a saving account of 2 per cent or sixty million dollars annually which is the interest charge at 6 per cent on a total of one-third of our annual expenditure. With this large saving in mind, it is worth while to seriously look ahead and devise every possible means for the reduction and prevention of shoddy in building construction.

Many causes for shoddy construction are traceable to the ownership of property. We look upon property in the sense of invested capital upon which we must seek a financial return. Our constant thought is to develop it that it may make a return on the invested capital. From the standpoint of building construction the owner is always confronted with the problem of what best can be done with his property from two points of view; he must consider the property in the light of a holding with ever increasing value or he must consider it in the light of something to be traded in as an article of commerce. Where the owner has adopted the latter consideration, there springs up within our urban and suburban centers an enormous amount of building construction.

"There is a cause for shoddy construction where the owner tries to seek a greater earning increment by attempting to build beyond his means. Without sufficient capital requirements, he often places upon the property a building of the dimensions and contents he desires by utilizing shoddy construction. In other words, he is forced to build beyond his borrowing ability.

"It is questionable whether more shoddy is used by those having to do with the actual construction of buildings than those who are concerned in the ownership of property and buildings. In the construction work, we have to consider the following responsible personnel: architects and engineers, general and sub-contractors, and labor.

"There is probably no profession upon which is imposed a greater necessity of knowledge than that of architecture. In the architect's relations to shoddy construction we may truthfully state that ignorance is the only possible avenue for its introduction. Sometimes this ignorance is due to a "closed ear" on the architect's part from his inability to receive or lack of appreciation of advice but it is seldom, if ever, the question of willful introduction of shoddy construction by him, a condition which does not always pertain to the owner.

"While it may be a delicate question to impose upon him who

loans funds for building purposes, a further consideration than the return of interest and principle, there, however, seems to be a growing consideration that financiers must be more concerned with this question than they have in the past. The mortgage of property should be concerned not only in the assurance that principle and interest are returned, but that the loan has been wisely and judiciously invested. It should be the duty of one loaning money for buildings to know that the character, kind and quality are the best within economic means. The life of building structures has been variously estimated as being for cheap frame tenements of from ten to fifteen years and for the best structural buildings of from seventy-five to one hundred years. A rate for sinking funds would then be 10 to 5 per cent for the cheap frame tenements for a term of nine to sixteen years. In the structural buildings the rate of the sinking fund would only need to be 1 per cent and the term only one-half its life. Therefore, we may reduce the introduction of shoddy construction by impressing upon the owner the economical considerations of building well, and further, by making it difficult to obtain loans for shoddy construction. We may be able in this way to reduce shoddy construction by placing a premium upon good construction.

"We have comparatively few cities with what are municipally known as building codes and none of these codes absolutely prohibit the use of shoddy construction. We have various rules for fire protection which more or less define the kinds of materials, but again, these materials are merely to prevent fire hazards rather than to create good construction. While there are inspections of one sort or another for urban and some suburban properties there does not seem to be such regulation that prohibit or reduce to any marked extent a considerable amount of shoddy construction. Attempts have been made, however, to clarify and unify many regulations imposed upon the building structure. We may, therefore, hope by this means to greatly reduce shoddy construction in future buildings.

"It is possible to reduce the use of shoddy through many educational facilities. Considerable good work has been done along these lines, not only in the technical press, but in popular magazines newspapers and circulars. That considerable more can be done in our schools and educational institutions, there can be no question. The building public should be advised as to the economic advantages of quality materials. Considerable benefit in the building industry might accrue also from visual instruction through the use of motion pictures distributed by manufacturers and others.

"Probably no better means for reduction of shoddy is provided than through co-operative effort stimulated by trade associations. Trade associations have already done excellent work in setting up useful and economic standards which have materially reduced the waste in building. There is still more work to be done and it seems worthy to propose that wherever possible, various trade associations should be notified by the architectural profession, by the engineering societies and by various contractors associations of anything that will tend to reduce the use of shoddy by its removal from the market.

"We are confronted today in the construction industry with the price of labor sufficient to necessitate the use of only good material and certainly entire elimination of shoddy material. It is impossible to conceive of paying the prevailing rates of labor for the introduction of shoddy. If one will undertake to examine the material in the market, it will be clearly and easily seen that the

Making Rapid Progress on New Park Avenue Apartment

Dwight P. Robinson & Co. Erecting Fourteen-Story Co-operative Structure on Corner Plot Formerly Owned by the Princeton Club

THE construction of a high-class co-operative apartment house at the northeast corner of Park avenue and Fifty-eighth street is advancing rapidly under the direction of Dwight P. Robinson & Co., general contractors. The steel frame-work for this structure is completed and within the next few weeks the building will be enclosed. This new co-operative multi-family house occupies a plot 75x90 feet which was sold to the owners by the Princeton Club which originally intended it as the site for a handsome clubhouse.

This apartment is fourteen stories in height, with basement, and has facades of face brick and Indiana limestone on a granite base. The plans, which were prepared privately under the direction of the contractor and Douglas L. Elliman & Co., representing the tenant-owners, call for every modern convenience. The design is in the Renaissance style of architecture.

The co-operative plan under which this building is being erected provides that sufficient space in the structure will be rented to cover all operating costs and fixed charges. The remaining space will be sold to the tenant-owners who will therefore be free of all expense of maintenance and upkeep and whose only outlay will be the amount of the interest on the money invested in their respective apartments. A number of the apartments were sold directly from the plans to prominent New Yorkers, and Douglas L. Elliman & Co., who have been appointed managing agents for this operation, have the remaining suites practically closed.

Space in the basement has been devoted to boiler room, storage rooms, laundries and drying rooms, etc. The main entrance will be from Park avenue, with the balance of the first floor divided into small suites especially designed for doctors or dentists and which will have independent entrances from the street. On the first floor also there will be an imposing entrance corridor and lobby, a reception room and an apartment with an office for the superintendent.

The apartments in this structure will be divided into three classes. On the three upper floors there will be but one suite to each floor. Each of these will contain twelve rooms, exclusive of five baths. Each of the remaining floors will contain units of eight rooms and three baths, and seven rooms and three baths respectively.

Construction Work in New York City Double That For Last Year

TOTAL construction contracts awarded in the five boroughs of New York City during the first six months of this year, have amounted to \$305,720,400, which is more than double the amount for the first half of 1921.

Of this large total, \$177,439,900, or 58% was for residential construction. This investment covered the construction of 37,347,300 square feet of floor space, which will provide housing facilities for approximately 23,000 families. During the first six months of 1921,

the amount of residential floor space constructed was 20,053,900 square feet, or accommodations for about 12,500 families.

The peak of this year's construction activity occurred in April. The total for that month was the largest on record. May showed a decline from April, and the June total, \$43,173,900, was 16% under the May figure, although it was 10% over the figure for June, 1921.

Included in last month's total were: \$26,276,700 or 61% for residential buildings; and \$9,464,000 or 22% for business buildings.

How a Dollar Is Spent in Home Building

UNLESS a builder is very much interested in figures, the home builder does not know how each dollar is spent that he puts into the construction of his home. He knows in a general way that there are several general groups, but as he looks at the finished dwelling he does not know what

percentage of the cost went for masonry or carpentry or something else. Using the dollar for illustrating the relative costs, it is estimated that 36.1 cents go for masonry, 29.1 cents for carpentry, 8.7 cents for heating, 6.5 cents for painting, 6 cents for electrical work, 6 cents for plumbing, 3.5 cents for sheet metal work, 2.9 cents for roofing and 1.2 cents for hardware.

Points Out Danger of Shoddy Building Construction

(Continued from page 51)

use of good material does not vitally affect the cost of building structures; that those concerned with building operations do not examine thoroughly the market price of commodities, in planning building structures must be evident. We, for instance, do not find a marked increase in the use of copper at a price in the neighborhood of 13½ cents over the use of copper at the price of 26 cents; we do not find a marked increased use of rubber at 13 cents over its

normal price of 90 cents or during the war at \$3.30.

"In residential building, we are confronted with a condition where about one-half the cost goes to labor and one-half to material. Shoddy as meaning "waste" must be eliminated if we are to approach any economical refinement. Therefore, the banks, insurance companies, merchants, industrials, professions and trades should interest themselves in every means available for the reduction and elimination of shoddy construction."

Weekly Building Totals Well Above Average for the Year

Construction Statistics, as Tabulated by F. W. Dodge Company, Indicates Local Industry is Now at Season's Height of Activity

COMPARED with the totals for the week previous the building figures for the twenty-sixth week of this year show a slight decline, but they are still well above the average since the first of January. Statistics tabulated by the F. W. Dodge Company, covering the territory, including all of New York State and New Jersey, north of Trenton, show that during the week of June 23 to 30, newly projected building and engineering construction reported involved 623 operations at an estimated total cost of \$22,756,300. During the same week there were 471 contracts awarded for new operations which will require an outlay of approximately \$19,666,900.

There is a large amount of activity noticed in Greater New York, but the totals for the past week are also somewhat under those of the previous week or so. During the twenty-sixth week architects and engineers in the five boroughs of New York City reported 223 new projects which represent a total value of \$7,934,500. Local contract commitments for the week numbered 150 and amount to a total of \$10,152,900.

Analysis of the local statistics shows marked activity in planning for commercial projects, but residential construction is still the predominating factor in building work in this city. In the work

placed under contract during the past week considerable improvement is shown in some lines which have been more or less inactive for some time.

The list of 223 projects for which plans were announced by New York City architects and engineers during the week of June 23 to 30 inclusive were 33 commercial operations such as stores, offices, lofts, commercial garages, etc., \$1,136,500; 5 educational buildings, \$149,800; 2 hospitals and institutions, \$218,000; 3 industrial projects, \$31,000; 5 public works and public utilities, \$315,700; 4 religious and memorial buildings, \$266,500; 165 residential operations including apartments, flats and tenements and one- and two-family dwellings, \$5,572,000, and 6 social and recreational projects, \$245,000.

Among the group of 150 operations for which contracts were awarded during the week of June 23 to 30 inclusive were 27 commercial projects of various types, \$987,500; 4 educational buildings, \$1,000,000; 2 hospitals and institutions, \$41,000; 5 factory projects, \$87,000; 1 public building, \$4,900; 4 public works and public utilities, \$46,000; 3 religious and memorial buildings, \$134,000; 102 residential operations including multi-family dwellings and one- and two-family houses, \$7,637,500 and 2 social and recreational projects, \$215,000.

PERSONAL AND TRADE NOTES.

Tachau & Vought, architects, have moved their offices from 109 Lexington avenue to 102 East 30th street.

LeRoy P. Ward, architect, formerly located at 52 Vanderbilt avenue, is now occupying offices at 16 East 40th street.

Randolph M. Mann has become associated with the Betts & Betts Corporation as assistant sales manager and will make his headquarters in New York City.

Utica Heater Company has moved its New York City office from 101 Park avenue to the Grand Central Terminal Building, Room 5620.

John S. Irvine, Detroit, was elected president of the National Association of Master Plumbers at its recent annual convention which was held at Detroit.

George M. Getschow, Chicago, was elected president of the Heating & Piping Contractors' Association at its recent annual meeting at Buffalo.

Atlantic Structural Company, general contractors, has recently been organized by B. G. Felsburg, formerly with the Ballinger Co., and H. A. Mugler. Offices have been established at 1328 Broadway.

James A. Phillips, formerly with McMann & Taylor Company, is now manager of sales for the R. J. Donovan Company of New York, Inc., 217 Pearl street, dealers in pipe, valves, fittings, boilers, radiators, etc.

Mahoney-Clark, Inc., have taken over the business of Donovan-Mahoney, Inc., dealers in hardware supplies and contractors' equipment, maintaining the old headquarters at 217 Pearl street, corner of Platt street.

Dr. George K. Burgess, chief of the division of metallurgy, Bureau of Standards, Washington, was elected president of the American Society for Testing Materials at its recent annual meeting at Atlantic City.

American Abrasive Metals Co., manufacturer of anti-slip treads for stairs and floors, announces its appointment by the Carborundum Company, of Niagara Falls, to act as the U. S. sales representative for the marketing of Carborundum anti-slip tile.

Willard L. Case has resigned as treasurer of the Yale & Towne Manufacturing

Co., Stamford, Conn., to accept a partnership in the firm of Searle, Nicholson, Oakey & Lill, accountants and engineers. He will be succeeded by J. H. Towne, secretary of the company, who becomes secretary-treasurer.

Frederick D. Harger, vice-president and general manager of the Mono Corporation of America, has resigned to become associated with the sales staff of the Chas. Tagliabue Manufacturing Co., Brooklyn, the latter company having taken over all the rights for the manufacture and sale of the Mono apparatus in North America.

George J. Lobenstein, architect, announces the establishment of an office for the general practice of his profession at 859 Flatbush avenue, Brooklyn. Catalogues, samples and price lists of building materials and specialties are requested.

New Jersey Concrete Products Corporation announces the acquisition of the factory of the Pre-Cast Concrete Co., near Dover, N. J., and the extension of its own facilities to supply in addition to pre-cast structural concrete and ornamental stone, other concrete products such as building tile, face and common brick, etc. The factory of the corporation is in Dover, N. J., and its executive offices in New York City.

Contract for Large Office Building

T. C. Desmond & Co., Inc., 26 Beaver street, have obtained a general contract for the construction of a twenty-story office building, with stores on the ground floor, at the corner of Park avenue and 46th street. This building is owned by the Merchants & Manufacturers Exchange of New York, and has been planned by Warren & Wetmore, architects, who designed many of the modern commercial projects in the Grand Central Terminal zone. The operation represents the investment of approximately \$2,000,000 exclusive of the value of the land.

Cement Output a New Record.

Production of Portland cement during May, 1922, reported by the United States Geological Survey, was 11,176,000 bbls., which is the largest amount ever produced in any single month. However, the outstanding feature of the situation is disclosed by the indicated movement of cement. May shipments being in excess of any preceding month. For the five months ending May 31 they were greater than during any similar period in past years, being more than 5,000,000 bbls. ahead of last year and nearly 4,000,000 bbls. in ex-

TRADE AND TECHNICAL SOCIETY EVENTS.

Wall Paper Manufacturers' Association of the United States will hold its annual convention at the Hotel Commodore, New York City, during the week beginning July 31.

New York State Retail Hardware Association will hold its annual convention and exposition at Rochester, February 20 to 23, inclusive, next year. Headquarters will be established at the Powers Hotel. Sessions and exposition will be held at Exposition Park.

Illuminating Engineering Society will hold its annual convention in Boston, September 25 to 28 inclusive. This will be the sixteenth annual gathering of the society, and the convention arrangements are in the hands of a committee of which C. L. Edgar, president of the Edison Electric Illuminating Company of Boston, is chairman; H. F. Wallace, vice-chairman and J. Daniels, secretary.

cess of 1920, which was the largest year for the industry.

The great demand for Portland cement is attributed to the record breaking proportions of the building boom, which is under way, and to increased municipal improvements. The construction of concrete pavements is also an important factor, as the yardage under contract this year is greater than ever.

Production of Gypsum

According to conservative estimates made by the United States Geological Survey from the incomplete returns available April 1 the quantity of gypsum mined in the United States in 1921 was approximately 2,870,000 short tons, as compared with 3,129,142 tons in 1920. The combined value of the crude and calcined gypsum sold was approximately \$20,820,000, as compared with \$24,533,065 in 1920.

Gold Medal for Carnegie Institute

The gold medal of the Societe des Architectes Diplomes par le Gouvernement Francais, which was put in the hands of the American group for award to that institution which shall have most distinguished itself during the year in architectural teaching, according to Beaux Arts principles, has been awarded for the season 1920-21 to the Carnegie Institute of Technology.

CURRENT BUILDING OPERATIONS

ACTIVITY in the local building field was slowed down considerably during the past week by the interruption of the holiday. Reported commitments were lighter than they have been for several weeks past, but there has been a large amount of proposed construction in the hands of contractors for estimates which is likely to be released under contract within the near future. Without question the building industry of the Metropolitan district will be engaged at full capacity throughout the next few months and in all probability for the coming year or more. Although there are marked signs that residential construction is slackening off to some extent there is every likelihood that this form of operation will continue as the dominating factor locally for still a long time. Recently, however, there has been a decided improvement in commercial and industrial building, with several large operations placed under contract and a great volume of costly alteration work which in itself is sufficient to keep the industry fully employed for some time.

There is still a grave shortage of skilled workers in several of the more important trades, and as a result employers are forced into the position of maintaining the bonus system. The apprenticeship program now being worked out by the New York Building Congress in conjunction with the unions and trade associations will be of material benefit in this regard, as the plans are actively under way for the establishment of apprenticeship schools without further delay.

The building material markets have settled down to mid-summer routine. Prices are very firm and there are no indications that levels will drop while the prevailing intensity of building continues. Local stocks are in better shape than they have been, and there is practically no danger of a shortage in any of the essential lines.

Common Brick—Despite the holiday interruption there was excellent business during the past week in the wholesale market for Hudson River common brick. Manufacturers are shipping new brick regularly now and there is every indication that the future supply will keep abreast of the demand. At present brick is being taken out of the market as soon as it arrives, but while the demand continues very keen there is not the real competition there was several weeks ago. Prices are very firm and no reductions are anticipated because of the high manufacturing costs. The coal situation shows no improvement, and brickmakers are get-

ting extremely anxious about the supplies of fuel they will require to get their product ready for market. Although the majority of the producers started the season with some fuel practically none had sufficient to last out the summer, and as they have forced production in order to relieve the local brick shortage they have used up their fuel and are doubtful as to future supplies.

Summary—Transactions in the North River common brick market for the week ending Thursday, July 6, 1922. Condition of market: Demand brisk; prices firm.

MATERIALS AND SUPPLIES

there is little prospect of important reductions until freight rates have been revised.

Roofing Papers—Demand for this material continues very active and according to trade reports there is no sign of a slackening while the current building movement is under way. The suburban districts are the most important factor in the demand for roofing papers and there is now every indication of a continuation of heavy buying because of the large volume of proposed small house building. Prices are steady and unchanged.

Reinforcing Bars—The market is not particularly active at present, but signs of improvement in the field of industrial construction warrant the prediction that business in this line will steadily increase. During the past few weeks there has been some important work out for estimates, but no announcement has been made as yet of the award of contracts. Prices are firm and with an advancing trend that is particularly noticeable in all steel and iron products.

Cast Iron Pipe—Demand for this material continues very strong and as a gen-

eral thing the Eastern producers are booked several months ahead with their plants operating practically at full time. Although municipal business is relatively light there is some interesting business in prospect from this source. Private buying remains the most important factor in the market at present and shows marked signs of maintaining its present strength. Prices on cast iron pipe continue upward. The market on 6 in. and larger is now holding at \$50.80 per net ton, f.o.b. New York. Quotations on 5 in. and 4 in. are \$50.80 and 3 in., \$65.80, with Class A and gas pipe \$4 extra per ton. The outlook for the coming months is splendid as several important projects are likely to be released for bids within the next week or ten days.

Electrical Supplies—The demand for electrical material and supplies has lost none of its intensity during the past week. Business is exceptionally brisk and all signs point to a continuation of prevailing building conditions for some time to come. The large amount of active building in the metropolitan district, coupled with the increasing volume of projected work, is generally considered as indicative of continued brisk demand. Jobbers report their stocks in good shape and deliveries are prompt. There have been no important price changes during the past week or so and the local market seems to have settled down to a steady summer schedule. Prices on rubber covered wire have stiffened to some extent with larger sizes being purchased in increasing quantities.

Window Glass—There is considerable activity in this market with the cheaper grades of window glass in particular demand. Plate glass of the best quality is somewhat difficult to obtain at present owing to the heavy requirements of the automobile industry. Jobbers have fair supplies on hand but are experiencing some delays in getting deliveries from the factories, but up to the present job deliveries have been fairly prompt. Prices are steady and practically unchanged.

Linseed Oil—The market is spotty and jobbers are not in any position to predict either demand or price movements. At present buying is extremely light and purchases are apparently only being made to fill immediate requirements. There is very little buying for stock, and car-load business is almost negligible. There is little likelihood that the demand will improve until the building program for this season is well advanced toward completion and the demand for painting materials commences.
